MARTIN LUTHER COLLEGE—Education Ministry
Change of majors and minors form

Procedure

1) Consider the ramifications of changing majors and/or minors (availability of courses, length of study, cost, etc.).
2) Plan your course of study using program plans on the MLC website and the Portal Five Year Plan course projections.
3) Check the appropriate lines below to indicate **all programs you plan to pursue** (not just new ones). You may be checking multiple lines.
4) Obtain the required signatures.
5) Submit this form to the office of the Academic Dean- Education (WCC150).

Majors (Single licensed majors can be combined as double majors.)

_____ Chemistry (licensed for grades 5-12)*
_____ Communication Arts and Literature (licensed for grades 5-12)
_____ Early Childhood Education (licensed for ages 0-8)
_____ Elementary Education (licensed for grades K-6)
_____ Instrumental Music (licensed for grades K-12)*
_____ Life Science (licensed for grades 5-12)*
_____ Mathematics (licensed for grades 5-12)*
_____ Parish Music*
_____ Physical Education (licensed for grades K-12)
_____ Physics (licensed for grades 5-12)*
_____ Social Studies (licensed for grades 5-12)
_____ Special Education (not licensed at this time)
_____ Staff Ministry
_____ Vocal Music (licensed for grades K-12)*
_____ World Languages & Cultures/Spanish (licensed for grades K-12)*

*Denotes certain requirements to enter major. Check current MLC catalog for those requirements.

Minors (Please consult program plans in MLC catalog to determine the courses needed for each minor.)

__X__ Theology (All MLC students are required to complete a minor in theology.)

The following minors require successful completion of the required coursework, take the appropriate test in the chosen area and completion of Student Teaching II in grade 7 and/or 8 within the chosen area. If you desire ONLY the academic minor for these choices, without the endorsement, an additional form is needed. See the Academic Dean to obtain that form.

_____ Communication Arts and Literature (results in grades 5-8 endorsement on K-6 license)
_____ Educational Technology (Computer, Keyboarding and Related Technology Applications K-12 endorsement)
_____ Mathematics (results in grades 5-8 endorsement on K-6 license)
_____ Science (results in grades 5-8 endorsement on K-6 license)
_____ Social Studies (results in grades 5-8 endorsement on K-6 license)
_____ Spanish (results in grades K-8 endorsement on K-6 license)

Due to the nature of Minnesota licensure, the following minors do not result in endorsements. They do broaden a teaching candidate's experiences for service in a WELS school. There is no restriction on grade level for student teaching when obtaining a minor without endorsement.
