Important Note: When you change to this new set of degree requirements, you must complete all those requirements in their entirety. Any past courses you took on the MLC campus as part of a previous non-biblical language option may fulfill free elective requirements. Before submitting this form, please confirm how courses previously taken will fulfill your new requirements.

 Briefly explain why you feel this change will better prepare you for study at Wisconsin Lutheran Seminary and ultimately for pastoral ministry.

I know what courses I have to take to fulfill the new set of requirements I have chosen.

I understand that I have to fulfill all of these requirements.

I know that I have enough semesters left and enough credit room in each semester
(18-credit limit per semester) to meet completely the new set of requirements I have chosen.

I have discussed this change with my advisor.

I have confirmed this change with the academic dean for the pre-seminary program.
