

## edTPA Scores

edTPA stems from a twenty-five year history of developing performance-based assessments of teaching quality and effectiveness. edTPA requires candidates to actually demonstrate the knowledge and skills required to help all students learn in real classrooms. By focusing on the act of teaching, edTPA complements existing entry-level examinations that focus on basic skills and subject-matter knowledge. At this point in time, MLC's graduation requirement is completion of the edTPA, although a score of 3 has been strongly recommended.

The scores from 2012-13 and the first semester of 2013-14 were scored locally at MLC. Beginning in 2013-14 second semester, the edTPAs are evaluated by SCALE.
