register by December 16!

Enroll today at mlc-wels.edu/go/grad.

- expand their technology expertise,
- ignite student learning with technology tools, and
- assist their fellow faculty members with technology.

This program is designed for technology directors and teachers who want to . . .

MS in EDUCATIONAL ADMINISTRATION—Technology Director

This program leads to Minnesota Learning Disabilities licensure. Graduate students in this program follow a prescribed set of special education courses, complete a 12-week internship, and take two state-required licensure tests. LD licensure also requires a Minnesota teaching license, which may be obtained through our post-baccalaureate licensure program.

MS in EDUCATION—Special Education with LD Licensure

With that in mind, we have added two new emphases to our master's program. Your master's program should be tailor-made for the unique needs of your ministry. education teacher in order to meet the growing needs of today's students and teachers. Ideally, every school should have a technology director and a licensed special

EARLY CHILDHOOD

Designed for WELS Teachers

Do you want parents to know you are a qualified early childhood teacher?

Join our Early Childhood Educator Series and earn your CDA (Child Development Associate Credential).

MLC’s *Early Childhood Educator Series* is designed to provide early childhood teachers with a comprehensive understanding of developmentally appropriate practices in early childhood, especially in the context of Lutheran ministry. The series provides a solid foundation for early childhood ministry.

“The ability to let parents know I’ve taken all these classes and have this credential will show them how much we care about their preschoolers.”

Erin Smolinski
