Course Registration Information

Students register for continuing education courses online through the MLC website at mlc-wels.edu/continuing-education/policies-information/course-offerings/ under [Registration](#). Full payment for webinars, workshops, seminars, in-services, clock-hours, and all courses is due in full the day the course begins.

Withdrawal Process

Undergraduate students who wish to withdraw from courses during a fall or spring semester must fill out a drop/add form and bring it to the records office. During a summer semester, undergraduate students must notify the Office of Graduate Studies and Continuing Education at continuinged@mlc-wels.edu and the instructor. For undergraduate students that are taking only online courses (not hybrid) the withdrawal notification date marks the last day of attendance for financial aid purposes. For undergraduate students that are taking hybrid or only face-to-face courses, the last date of in-class attendance marks the last day of attendance for financial aid purposes.

Continuing education students who wish to withdraw from courses must notify the Office of Graduate Studies and Continuing Education at continuinged@mlc-wels.edu and the instructor.

Graduate students who wish to withdraw from courses must notify the Office of Graduate Studies and Continuing Education, the instructor, and the director of graduate studies.

Students must follow time period guidelines within which an approved withdrawal may be made. The guidelines are found on pages 12-13.

Student Credit Load

To be classified as a full-time continuing education or graduate student, a student must be enrolled in six credit hours. Half-time status is defined as enrollment in three to five credit hours. A student may overload to a maximum of nine credit hours during the summer or 12 credit hours during the fall or spring. Permission from the director of continuing education is required to overload.

Audit

Students may audit courses.

- Face-to-face courses:
 - Require attendance and participation
 - Does not require examination or major assignments.
 - Pay half of the tuition.
 - In some cases, a clock-hour-only option may be available.
- Online courses:
 - Require completion of all course assignments and activities
 - No grade or credit is issued.
 - Tuition is the same as students taking courses for credit.

Incomplete Course Work

A grade of Incomplete may be assigned when, at the end of the term, students have not completed all course work. An Incomplete is given only when the completed work is of satisfactory quality and, in the determination of the instructor, students have a valid reason for not finishing the requirements. A first semester Incomplete must be converted to a permanent grade by mid-term of the second semester, a second semester Incomplete by July 31, and a summer session Incomplete by midterm of the first semester- or the permanent grade is recorded as an F.

Minimum Enrollment

A minimum enrollment of three online students or five face-to-face students is generally required for courses to be offered. Ultimately, it is the decision of the director of graduate studies and continuing education whether a course is offered.

Grade Reports and Transcripts

Grade reports and unofficial transcripts are available to students online by logging into the MLC Portal. Official transcripts may be requested by completing the [Transcript Request Form](#) that is available online at <https://mlc-wels.edu/academics/academic-forms/>. A fee of \$10.00 is charged for each transcript. Make checks payable to Martin Luther College and mail to the following address:

Family Educational Rights and Privacy Act

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records.

- 1. The right to inspect and review the student's education records within 45 days of the day the college receives a request for access.**

Students should submit to the Records Office or the director of graduate studies written requests identifying the record(s) they wish to inspect. The college official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the college official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.

- 2. The right to request the amendment of the student's education records that the student believes are inaccurate or misleading.**

Students may ask the college to amend a record that they believe is inaccurate or misleading. They should write the college official responsible for the record, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading.

If the college decides not to amend the record as requested by the student, the college will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

- 3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.**

One exception which permits disclosure without consent is disclosure to a school official with legitimate educational interests. A school official is a person employed by the college in an administrative, supervisory, academic, research, or support staff position (including law enforcement personnel and health staff); a person or company with whom the college has contracted (such as an attorney, auditor, or collection agent); a person serving on the Governing Board; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting a school official in performing his or her tasks. A school official has a

legitimate educational interest if the official needs to review an educational record in order to fulfill his or her professional responsibility.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by Martin Luther College to comply with the requirement of FERPA.

Under no circumstances should a faculty member disclose any education record or personally identifiable information regarding a student to a third party without first checking with the Records Office.

Students with Disabilities

Martin Luther College complies with Section 504 of the Rehabilitation Act of 1973 to serve students who have disabilities as defined in the Americans with Disabilities Act of 1990. Students accepted for admission to the graduate program are considered capable of meeting academic standards if reasonable accommodation can be made for their disability. It is the responsibility of students to provide written notification of the nature of the disability and the need for accommodation. Students must also provide results of formal testing and/or evaluation of the disability as well as historical documentation of accommodation received in educational settings. The college may require additional testing or evaluation if the documentation is inadequate or older than three years, with this cost borne by the student. Students file the notification of disability and the request for accommodation with the director of graduate studies. The director will confer with appropriate persons to develop a reasonable accommodation plan. Responsibilities of the student are included in this plan. Accommodations are designed to meet the individual needs of students without compromising curricular goals, performance standards, or course content. If students do not agree with the accommodation plan, an appeal may be made to the vice president for academics, whose decisions are final in all cases.

- Students who register online as a new student, using the “Register Here” button, will receive an invoice via email attachment in 3 to 5 business days. No additional statements will be issued unless the student fails to meet the payment deadline.
- Students may also view and print their invoices by logging into the Portal: Portal > Information > My Graduate Studies and Continuing Education Statement.
- Students are expected to pay in full by the first day of the continuing education offering.
- Failure to meet payment deadlines places a student in delinquent status and will result in the following actions:
 - **Students whose course is longer than ten days:**
 - The student has a 10-day grace period from the start of the course for payment to be received.
 - A past due notice will be issued via email during the grace period.
 - If no payment is received during this grace period, the student is typically barred from further participation until satisfactory payment or plan for payment is made.
 - **Students whose continuing education offering is less than or equal to ten days:**
 - A past due notice will be issued if payment is not received by the first day of the continuing education offering.
- If full payment, or approved arrangement for full payment, is not received within ten business days of the first day of the continuing education offering, a subsequent (second) past due notice will be sent via email and postal mail, and a \$10 administrative fee will be charged to cover college expenses.
- If neither a full payment nor a satisfactory payment plan is received within 30 days following either the end of the continuing education offering, the student’s withdrawal, or the student’s removal, the Office of Graduate Studies and Continuing Education will issue an additional past due (third) notice via email and postal mail informing the student that full payment must be received within the next 30 days or the account will be turned over to a collection agency. The letter is addressed to the director of financial services, who makes the final determination concerning the error or dispute.

INDIVIDUAL CERTIFICATE PROGRAMS

Introduction

Martin Luther College offers a variety of certificate programs with the goal of providing additional education opportunities for pastors, teachers, staff ministers, and WELS lay members. Specialized training is offered in the following areas:

- Educational Technology Certificate (ETC)
- Teaching Online Certificate (TOC)
- WELS Evangelism Certificate (EvC)
- WELS Chaplain Certificate (CC)
- WELS Mentoring and Coaching Certificate (MCC)

Online Method of Instruction

- All certificate courses are conducted online. More information about the [Individual Certificate Programs](#) is available at the MLC website.
- Registered students receive a password to access the course via the internet, where they will open their lessons.
- Enrolled students work on the course when they have time each day, instead of having to login at a certain time.
- Assignments will include reading materials from a textbook or an online source, writing reports, formulating reactions, participating in online discussions with fellow students and the instructor via a discussion format tool in Moodle, and an assignment activity that each student completes and submits to the instructor via an assignment tool in Moodle. Some courses may have exams.

Educational Technology Certificate (ETC)

- **Purpose:**
 - The Martin Luther College (MLC) Educational Technology Certificate (ETC) program is designed for teachers in schools seeking to develop skills and strategies for integrating technology into a variety of preK-college curricular settings. The intent of this program is to foster a real connection between technology and learning. Participants who complete the program will demonstrate proficiency in the use of computers and computer-based technologies to support problem solving, data mining and collection, information sharing, and decision making. Completion of this program will also introduce participants to educationally pertinent media literacy, ethical standards, and legal issues.
 - While the ETC program is not a degree-granting program, teachers can use the certificate to demonstrate that they are qualified to teach and lead in an environment where technology and education coexist.
- **Program:**
 - Participants who complete 15 credits of ETC program coursework are issued an Educational Technology Certificate through MLC. Those who complete the program can use the certificate in a variety of positions, including scholastic technology consultant and dynamic lead instructor. ETC courses can also be used to build a foundation for the Master of Science

in Education program offered through MLC. View the [ETC Program Plan](#) including course offerings on page 20.

- Most courses will be available through online instruction, but occasionally face-to-face or hybrid options might be offered too.
- **Entrance Requirements:**
 - Bachelor's degree in education or bachelor's degree and currently teaching

Teaching Online Certificate (TOC)

- **Purpose:**
 - The Teaching Online Certificate (TOC) program offered through Martin Luther College (MLC) is designed for educators seeking to develop and enhance the skills and strategies needed to become highly effective online teachers. Participants that complete the program will demonstrate proficiency in the design, construction, and teaching of online courses through a learning management system (LMS).
 - Teachers can use the certificate to demonstrate that they are qualified to design and construct online courses and teach in an online environment.
- **Program:**
 - All courses will be available through online instruction. Participants who complete nine credits of TOC program coursework will be issued a Teaching Online Certificate through MLC. Depending on course selection, the nine credits earned in the TOC program may transfer directly into the Master of Science in Education program offered through MLC. View the [TOC Program Plan](#) including course offerings on page 21.
- **Entrance Requirements:**
 - Bachelor's degree in education or bachelor's degree and currently teaching

WELS Evangelism Certificate (EvC)

- **Purpose:**
 - The Evangelism Certificate (EvC) program is intended to be used by lay and/or called workers in congregations to gain the understanding and skills to lead, create, and participate in congregational evangelism efforts.
 - The goals of the Evangelism Certificate program are to develop congregational evangelism leaders who understand the scriptural foundation for a congregation's evangelism ministry, can evaluate and plan congregational evangelism efforts, are equipped to give an answer for the hope they have in Christ (1 Peter 3:15), and seize opportunities for personal evangelism in all aspects of their lives.
- **Program:**
 - Participants in the program will complete three online 1-credit courses to earn an Evangelism Certificate. These three 1-credit courses were developed with the goals of low cost and reasonable time commitment for the participants. View the [EvC Program Plan](#) including course offerings on page 21.
- **Entrance Requirements:**
 - Congregational membership in good standing in WELS or denomination in fellowship with WELS

- Be a pastor, staff minister or staff ministry certificate student of the WELS or denomination in fellowship with WELS, or have a pastor's recommendation
- High school diploma or higher
- Ability to take online courses (computer and internet access required)

WELS Chaplain Certificate (CC)

- **Purpose:**

- The WELS Chaplain Certificate (CC) program exists to help address the challenges that face WELS chaplains in gaining access and meeting requirements to carry on ministry with public or private healthcare agencies, in hospitals or correctional facilities, on military installations, and with public safety agencies.
- The WELS Chaplain Certificate program also exists to assist certified chaplains to receive ongoing education and training opportunities so that they may enhance and increase their skill sets as they learn new insights for sharing the love of Christ with others.
- The scope of the WELS Chaplain Certificate is only to certify that a prescribed curriculum has been completed. It demonstrates to public institutions that the chaplain has completed a certain level of spiritual guidance training appropriate to serve those within that institution.
- The WELS Chaplain Certificate enhances, or augments, one's existing qualifications for ministry. The program applies biblical truths to the issues encountered by chaplains. It does not provide theological training, so the candidate must already have a basic understanding of God's Word and Christian doctrines. By itself, the certificate does not qualify one for a call into public ministry or employment as a spiritual leader in a church or any other institution.
- The WELS Chaplain Certificate program also requires continuing education units for graduates to retain certification.

- **Program:**

- Participants in the program will complete four basic courses (10 credits) and one elective (3 credits). Electives are offered for those who want to specialize in a particular area of chaplaincy. View the [CC Program Plan](#) including course offerings on page 217.
- THE9534, "Chaplaincy Grounded in Scripture", is a prerequisite for people without a Theology Minor from Martin Luther College. This course will not count towards total program credits needed to complete the chaplain certificate program.
- A student must obtain a course grade of C or higher for the course to count toward requirements of the certificate program. This means that any course with a grade of C- or lower will not help fulfill the requirements needed for completing the program. A student may elect to retake a course if a grade of C- or lower was earned.

- **Entrance Requirements:**

- Official transcripts of highest degree earned
- Membership in good standing in WELS or denomination in fellowship with WELS
- Ability to spend at least 10 hours per week for each semester-long, 3-credit college course
- Ability to take online courses (computer and internet access required)
- Ability to take a one-week seminar at Wisconsin Lutheran Seminary in Mequon, Wisconsin

WELS Mentoring and Coaching Certificate (MCC)

- **Purpose:**

A student may elect to retake a course if a grade of C- or lower was earned.

MICRO-CREDENTIALS

Micro-Credentials provide formal recognition for a teacher’s informal learning. They signify that the teacher has mastered a specific, bite-sized teaching skill, such as developing background or quick formative assessment.

Micro-credentials certify that a teacher or supervisor can perform small and specific professional skills that are tied to the Commission on Lutheran School’s Ministerial Growth and Evaluation Process.

As teachers and supervisors earn Micro-Credentials, they can include them in their Ministry Development Plan, just as you include credits and clock hours. However, Micro-Credentials are more beneficial since they measure actual competencies instead of completion of course work. More information about [Micro-Credentials](#) is available on our MLC website.

Steps to Earn a Micro-Credential

1. **Choose** one of the Micro-Credentials we offer. It could be a skill a teacher or supervisor would like to learn or a skill they already have. Right now, we offer 17 Micro-Credentials, 10 for principals and seven for teachers.
2. **Research** the skill using the article or video suggestions given on the MLC website. If a teacher or supervisor has already completed a webinar or course in that skill, their research is basically complete.
3. **Practice** the skill at your own pace, in your own classroom.
4. **Register** for the micro-credential. The cost is \$50.
5. **Submit** evidence of competency in this skill. The required evidence might be a lesson plan, lesson video, written reflection, or other document.
6. **Wait** while MLC professors evaluates the evidence using the rubric, which is also available on the website.
7. **Receive** verification of the Micro-Credential, which comes in the form of a digital badge from MLC.
8. **Share** the digital badge for others to view on your curriculum vitae, your signature, your school website, and your own social media platforms.

Master of Science Programs

- **Master of Science in Education**

The Master of Science in Education (MS Ed) is an online degree program that contributes to the professional growth of teachers, and partners with them to be reflective, competent, and dedicated educational leaders. It is designed primarily for persons who have an undergraduate degree in education from an accredited college or university. Individuals with other degrees and who are teaching would also benefit from this degree program. More [Master of Science in Education](#) information is available on the MLC website. Students in this program choose to focus their studies in one of four areas of emphasis:

- Educational Technology
- Instruction
- Leadership
- Special Education

- **Master of Science in Educational Administration**

The Master of Science in Educational Administration (MS Ed Admin) is an online degree program that prepares educators to become visionary, collaborative, relational, and spiritual leaders in early childhood director, technology director, and principal roles. It is designed primarily for persons who have an undergraduate degree in education from an accredited college or university and who are either currently serving in or preparing to serve in early childhood, elementary, or secondary administration roles. More information about [the Master of Science in Educational Administration](#) is available on the MLC website. Students in this program choose to focus their studies in one of two areas of emphasis:

- Early Childhood Director
- Principal
- Technology Director

Master of Arts Program

- **Master of Arts in Theological Studies**

The Master of Arts in Theological Studies (MATS) is an online degree program that provides spiritual and professional growth through advanced studies in Scripture, doctrine, church history, and ministry. It is designed primarily for ministry certified staff ministers and teachers,

and it provides them with a broader and deeper foundation for their service in the public ministry. It is also open to qualified persons who meet the entrance requirements, and it allows them to grow spiritually as they serve in their various vocations in life and as members of their local congregations. The degree, of itself, does not qualify one for a called position in a church. More [Master of Arts in Theological Studies](#) information is available on the MLC website.

Organist and Choir Director Courses

This program offers off-campus training for organists and choir directors. WELS district worship coordinators typically determine the need for a workshop for organists or choir directors in their district and make arrangements through the Office of Graduate Studies and Continuing Education to hold these courses at a specific site and date. The Music Division chairman is contacted for suitable workshop leaders. All financial and coordinating arrangements are handled through the Office of Graduate Studies and Continuing Education.

Satellite Courses

Martin Luther College offers satellite, credit, and non-credit courses designed for teachers. A list of [Satellite Course Recommendations](#) is available on the MLC website. Each satellite course involves 12.5 hours of face-to-face instruction. When taken for credit, the student can expect an additional 25 hours, which includes pre-course reading or preparation and perhaps assignments or a test to be completed after the course. Satellite courses may be scheduled on weekends, evenings, or during the day. Satellite courses are designed especially for persons in the field to add breadth to education experiences that impact their teaching. Credits or clock hours earned through in-service courses are often used to maintain teaching licenses. Credits earned are undergraduate credits.

The Office of Graduate Studies and Continuing Education strives to meet the needs of the synod's districts by bringing satellite courses to the people in the field. Requests for satellite courses are made to the district coordinator or directly to the director of continuing education. Arrangements for scheduling are made by the Office of Graduate Studies and Continuing Education. The district coordinator or a designate helps publicize the course and makes whatever local arrangements are necessary. Martin Luther College advertises, registers, collects tuition, and pays instructors. These courses are typically taught in summer, but there may also be requests for them during the year.

Programs for Early Childhood Education

These religion and professional education courses are designed to help early childhood educators who teach or provide care for children between birth and age 8. The courses are designed to increase participants' understanding of children's physical, cognitive, language, emotional, and spiritual development; help them better understand the important relationships among home, church, and school; and broaden their perspective on approaches and programs in early childhood education. Requests for courses are made to the Office of Graduate Studies and Continuing Education. Credits earned are undergraduate credits. The following are the three Early Childhood Education Program Series options:

Early Childhood Educator Series

- **Purpose:**
 - The Early Childhood Educator Series is designed to provide current early childhood teachers with a comprehensive understanding of developmentally appropriate practices in early childhood: spiritual, intellectual, physical, and emotional.

- **Program:**
 - Early childhood teachers are encouraged to take all 11 courses (mostly 1- credit). These courses are aligned to the Child Development Associate (CDA) National Credentialing program so that teachers completing all 11 courses will be prepared to apply for the CDA credential. These courses are being offered online or face-to-face at your location.
- **Who should enroll:**
 - Anyone who does not have an early childhood education degree, including teachers who have an elementary or secondary education degree.

Early Childhood Ministry Certification

- **Purpose:**
 - WELS Early Childhood Teacher Ministry Certification is intended for early childhood teachers only. It does not certify early childhood directors, elementary teachers, or secondary teachers. The synod's preference is that men and women qualify themselves as early childhood teachers by graduating from Martin Luther College (MLC).
 - However, because not all ECE teachers are graduates of MLC, these certification guidelines developed by the WELS Conference of Presidents (COP) of the Wisconsin Evangelical Lutheran Synod seek to establish an adequate standard of teacher training that will ensure proficiency in carrying out the aims and objectives of WELS early childhood programs.
 - In addition, these guidelines make it possible to carry out an orderly program of in-service training for early childhood teachers who are rendering a needed and valuable service in our schools but who have not yet fulfilled baccalaureate or certification requirements.
 - Early childhood directors must complete WELS Early Childhood Director Ministry Certification.
- **Program:**
 - Participants in the program will complete 18 courses (1-credit and 3-credit) plus a five-week clinical. These courses are offered online or face-to-face at your location.
- **Who should enroll:**
 - Called early childhood teachers who are not ministry certified or licensed early childhood teachers who want to prepare to teach in a WELS school.

Early Childhood Outreach Essentials

- **Purpose:**
 - Lutheran early childhood teachers strive to connect their students and families to Christ and the local congregation.
- **Program:**
 - Participants in the program will complete five basic courses (1-credit). These courses are offered online or face-to-face at your location.
- **Who should enroll:**
 - Licensed and ministry-certified early childhood teachers who want to maximize the outreach potential of their preschools.
 - Anyone who does not have an early childhood education degree or teachers with an elementary or secondary education degree.

CDA Credentialing Process for Early Childhood Educator Series Completers

- **Purpose:**
 - “Having the CDA Credential from the Council for Professional Recognition verifies that teachers have the ability to put the Council’s nationally-recognized CDA Competency Standards into practice and the understanding of why those Standards help children move with success from one developmental stage to another.” (Council for Professional Recognition: Preschool Edition 2017)
 - The CDA credential is recognized in every state as a sign that an early childhood teacher employs developmentally appropriate early childhood instruction in a safe environment for young children.
- **Application:**
 - Complete and submit the Martin Luther College [Early Childhood Educator Series Application](#) online.
- **Prepare:**
 - Complete all [Early Childhood Educator Series CDA Credentialing courses](#).
 - A student must obtain a course grade of C or higher for the course to count toward requirements of the program. This means that any course with a grade of C- or lower will not help fulfill the requirements needed for completing the program. A student may elect to retake a course if a grade of C- or lower was earned.
 - Work 480 hours with children ages 3-5 years old
 - Prepare the Professional Portfolio
- **Application for Program Completion:**
 - Complete and submit the Martin Luther College [Application for Program Completion](#) online to receive record of all training courses completed.
- **Apply Through the Council for Professional Recognition:**
 - Select a Professional Development (PD) Specialist and confirm availability with the specialist.
 - Have the center or program director complete the Director’s Permission Statement as part of the application.
 - Submit the application and pay the assessment fee.
 - Receive the Ready to Schedule notification from the Council.
 - Receive the record of training completion from Martin Luther College.
- **Demonstrate:**
 - Schedule Verification Visit.
 - Bring Professional Portfolio and Competency Standards book to CDA Verification Visit.
 - Schedule and take CDA Exam.

ONLINE LEARNING EXPECTATIONS AND RESOURCES

Network Services

The Office of Network Services will be open Monday - Friday 7:30 am - 4:30 pm and Sunday -Thursday 7:30 pm - 10:30 pm. You can contact network services by phone at 507.233.9100. Information concerning network services is also available online; go to the MLC website, mlc-wels.edu/network-services, to submit a support request, reset a password, or find answers to questions.

Computer Hardware/Software

It is the student's responsibility to ensure their computer system meets or exceeds the minimum hardware and software specifications to participate in an online course. A detailed listing of [Current Computer Requirements for Online Courses](http://mlc-wels.edu/continuing-education/policies-information/online-course-faqs/) is posted on the MLC at mlc-wels.edu/continuing-education/policies-information/online-course-faqs/. Note that the minimum specifications may result in slow access speeds and lead to some frustration. Some courses may have additional hardware and/or software requirements, as specified by the course instructor.

Technology Requirements

- **A PC or Apple computer with internet access**
- **High-speed internet access**
 - DSL, Cable, fiber optic, etc
- **Word Processing Software**
 - You must be able to save and read files created by Microsoft Word, which will be used by most course instructors. Microsoft Word 2007 or newer (or other equivalent software) is preferred.
- **Web Browser**
 - A web browser- the latest version of one of the following:
 - Microsoft Internet Explorer
 - Edge
 - Mozilla Firefox
 - Google Chrome
 - Apple Safari
 - We cannot guarantee compatibility with all browser versions. If you have problems, please update your browser, try out another browser, or contact [MLC Network Services](#).
- **Email Software**
 - You are required to have access to email, including the ability to send and receive attachments.
 - MLC provides all students with Gmail accounts, which include access to Google Apps that are used in some courses. We strongly suggest that students use their Gmail addresses for all coursework correspondence.

- **Other Software**
 - Depending on your course, you may be required to download and install other free plugins to access streaming media or other web materials.
 - PDF File Support: Your course may require the reading of files in PDF format. Make sure you have Adobe Reader installed or another program that allows you to read PDF files. A free Acrobat PDF Reader can be downloaded from <http://www.adobe.com/downloads>. (Select the button *Get Adobe Reader*.)
 - Some courses may also use video feed, in which case you will need Real Player or Windows Media Player. Other courses may require PowerPoint. See the course syllabus for specific requirements.

Technical Skills

Students are assumed to have general computing, word processing, and internet browsing skills. Learning these skills is not part of any course in the online program. Students deficient in any of these skill areas are encouraged to obtain these skills prior to enrollment in any online course.

Instructors can assist with course software and procedures, but they are not equipped to assist you with your computer and its installed programs and settings. It is the student's responsibility to seek out technical assistance as needed from a local resource person.

Time Required for an Online Course

Traditional three-credit face-to-face courses require students to be in class for 37.5 class hours in a semester, with additional time spent outside of the classroom. Online students may expect to commit to 115 hours per semester, which translates to seven to eight hours per week. In courses taught during the eight-week summer term, the material must be covered in half the time of a regular semester course; therefore, students should expect a time commitment of 14 to 16 hours per week. Some students may require a greater or lesser time commitment depending on prior knowledge, reading speed, and study habits.

Online courses require a discipline and a time commitment that can be a challenge for some students. Most instructors give specific suggestions for time management. Instructors will monitor online time and will take the responsibility and initiative to contact students regarding progress or lack of progress. Extensions may be requested in instances involving illness or serious family issues.

Online Resources

- ***How to Access Your Course on Moodle***
 - Prior to the start of an online course, instructors send registered students course details and information on how to access the course in Moodle. Current information on [Accessing a Course in Moodle](#) can be found on the MLC website at mlc-wels.edu/continuing-education/ under Policies and Information.
- ***Working with Moodle***
 - Many documents have been created by Martin Luther College to assist students while working in the Moodle learning management system. Answers to frequently asked questions ([FAQ](#)) as well as current documents are available on the MLC website at mlc-wels.edu/continuing-education/policies-information/online-course-faqs under Policies and Information.

Textbooks

Many online courses will use the same textbook used in a face-to-face version of the course. However, some online courses access all course materials directly via the internet at no additional cost. Several weeks prior to the start of an online course, the course instructor will send you the course syllabus, which will contain the materials you need to purchase for the course as well as information on where you can purchase them. [Textbook Information](#) is also listed on the MLC portal website.

Beginning/End of Online Courses

MLC online courses generally follow the same schedule as the on-campus courses for beginning and end dates. Publicity published by MLC will indicate dates for courses, both online and on-campus. Midterm breaks within online courses are set at the discretion of the course instructor. Some online courses, especially in the graduate program, will begin new lessons each Wednesday because many online students have full-time jobs and have more time to work on the course material over the weekend. Details such as these will be communicated to students by the course instructor at the beginning of each course.

Online Orientation Course

As a registered new student for an online course an account will be created for you by MLC Network Services. Also, an email with information to access your student account will be sent to your self-designated alternate email address. About a week before the start of the course, you will be sent instructions on how to access a free “Introduction to Online Learning” mini-course that will lead you through online activities commonly found in MLC online courses using Moodle. Course access will only be granted to those students who have indicated on their registration form that they desire to take the free online course through MLC.
