

Handout: Socially and Culturally Appropriate

Key Takeaways

1. Define culture and the role of parents in the socialization of culture.
2. What is a strengths-based approach?
3. What were the four main strategies for promoting culturally appropriate learning? Which one(s) do you already implement or would like to try?

Reflection

4. Take time to reflect on your own cultural background. How is it similar or different from the children in your care?

5. What are the main areas of the Christ-centered culture that your center is fostering?

Application

6. Based on the three components of an inquiry-learning unit, outline a culturally relevant topic you would like to teach.
