Course Registration Information

Students register for continuing education courses online through the MLC website at mlc-wels.edu/continuing-education/policies-information/course-offerings/ under **Registration**. Full payment for webinars, workshops, seminars, in-services, clock-hours, and all courses is due in full the day the course begins.

Withdrawal Process

Undergraduate students who wish to withdraw from courses during a fall or spring semester must fill out a drop/add form and bring it to the records office. During a summer semester, undergraduate students must notify the Office of Graduate Studies and Continuing Education at continuinged@m-lc-wels.edu and the instructor. For undergraduate students that are taking only online courses (not hybrid) the withdrawal notification date marks the last day of attendance for financial aid purposes. For undergraduate students that are taking hybrid or only face-to-face courses, the last date of in-class attendance marks the last day of attendance for financial aid purposes.

Continuing education students who wish to withdraw from courses must notify the Office of Graduate Studies and Continuing Education at continuinged@m-lc-wels.edu and the instructor.

Graduate students who wish to withdraw from courses must notify the Office of Graduate Studies and Continuing Education, the instructor, and the director of graduate studies.

Students must follow time period guidelines within which an approved withdrawal may be made. The guidelines are found on pages 12-13.

Student Credit Load

To be classified as a full-time continuing education, associate's, or graduate student, a student must be enrolled in six credit hours. Half-time status is defined as enrollment in three to five credit hours. A student may overload to a maximum of nine credit hours during the summer or 12 credit hours during the fall or spring. Permission from the director of continuing education is required to overload.

Audit

Students may audit courses.

- Face-to-face courses:
 - Require attendance and participation
 - Does not require examination or major assignments.
 - Pay half of the tuition.
 - In some cases, a clock-hour-only option may be available.
- Online courses:
 - Require completion of all course assignments and activities
 - No grade or credit is issued.
 - Tuition is the same as students taking courses for credit.

Incomplete Course Work

A grade of Incomplete may be assigned when, at the end of the term, students have not completed all course work. An Incomplete is given only when the completed work is of satisfactory quality and, in the determination of the instructor, students have a valid reason for not finishing the requirements. A first semester Incomplete must be converted to a permanent grade by mid-term of the second semester, a second semester Incomplete by July 31, and a summer session Incomplete by mid-term of the first semester or the permanent grade is recorded as an F.

Minimum Enrollment

A minimum enrollment of three online students or five face-to-face students is generally required for courses to be offered. Ultimately, it is the decision of the director of graduate studies and continuing education whether a course is offered.

Grade Reports and Transcripts

Grade reports and unofficial transcripts are available to students online by logging into the MLC Portal. Official transcripts may be requested by completing the Transcript Request Form that is available online at mlc-wels.edu/academics/academic-forms/. A fee of \$10.00 is charged for each transcript. Family Educational Rights and Privacy Act

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records.

1. **the right to inspect and review the student's education records within 45 days of the day the college receives a request for access.**

Students should submit to the Records Office or the director of graduate studies written requests identifying the record(s) they wish to inspect. The college official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the college official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.

2. **the right to request the amendment of the student's education records that the student believes are inaccurate or misleading.**

Students may ask the college to amend a record that they believe is inaccurate or misleading. They should write the college official responsible for the record, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading.

If the college decides not to amend the record as requested by the student, the college will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

3. **the right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.**

One exception which permits disclosure without consent is disclosure to a school official with legitimate educational interests. A school official is a person employed by the college in an administrative, supervisory, academic, research, or support staff position (including law enforcement personnel and health staff); a person or company with whom the college has contracted (such as an attorney, auditor, or collection agent); a person serving on the Governing Board; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting a school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an educational record in order to fulfill his or her professional responsibility.

4. **the right to file a complaint with the U.S. Department of Education concerning alleged failures by Martin Luther College to comply with the requirements of FERPA.**

Under no circumstances should a faculty member disclose any education record or personally identifiable information regarding a student to a third party without first checking with the Records Office.

Students with Disabilities

Martin Luther College complies with Section 504 of the Rehabilitation Act of 1973 to serve students who have disabilities as defined in the Americans with Disabilities Act of 1990. Students accepted for admission to the graduate program are considered capable of meeting academic standards if reasonable accommodation can be made for their disability. It is the responsibility of students to provide written notification of the nature of the disability and the need for accommodation. Students must also provide results of formal testing and/or evaluation of the disability as well as historical documentation of accommodation received in educational settings. The college may require additional testing or evaluation if the documentation is inadequate or older than three years, with this cost borne by the student. Students file the notification of disability and the request for accommodation with the director of graduate studies. The director will confer with appropriate persons to develop a reasonable accommodation plan. Responsibilities of the student are included in this plan. Accommodations are designed to meet the individual needs of students without compromising curricular goals, performance standards, or course content. If students do not agree with the accommodation plan, an appeal may be made to the vice president for academics, whose decisions are final in all cases.

- When a returning student uses the "Sign in" button to register online, the online registration process will automatically generate an invoice.
- Students who register online as a new student, using the "Register Here" button, will receive an invoice via email attachment in 3 to 5 business days. No additional statements will be issued unless the student fails to meet the payment deadline.
- Students may also view and print their invoices by logging into the Portal: Portal > Information > My Graduate Studies and Continuing Education Statement.
- Students are expected to pay in full by the first day of the continuing education offering.
- Failure to meet payment deadlines places a student in delinquent status and will result in the following actions:
 - **Students whose course is longer than ten days:**
 - The student has a 10-day grace period from the start of the course for payment to be received.
 - A past due notice will be issued via email during the grace period.
 - If no payment is received during this grace period, the student is typically barred from further participation until satisfactory payment or plan for payment is made.
 - **Students whose continuing education offering is less than or equal to ten days:**
 - A past due notice will be issued if payment is not received by the first day of the continuing education offering.
- If full payment, or approved arrangement for full payment, is not received within ten business days of the first day of the continuing education offering, a subsequent (second) past due notice will be sent via email and postal mail, and a \$10 administrative fee will be charged to cover college expenses.
- If neither a full payment nor a satisfactory payment plan is received within 30 days following either the end of the continuing education offering, the student's withdrawal, or the student's removal, the Office of Graduate Studies and Continuing Education will issue an additional past due (third) notice via email and postal mail informing the student that full payment must be received within the next 30 days or the account will be turned over to a collection agency. A \$10 administrative fee will be charged for costs associated with a third mailed statement.
- Summary courses **longer than ten days:**
 - Course start date: Payment due in full.
 - During the ten-day grace period: Past due email notice sent.
 - After the ten-day grace period: Student barred from the course. Second past due notice is sent via email and postal mail. \$10 administrative fee is charged to cover costs associated with postal mail. Student is responsible for administrative fees and any tuition that is not eligible for refund. Upon satisfactory payment or approved plan for payment, the student is reinstated in the course.
 - 30 days following course end date, student withdrawal, or student removal: If course payment is not received in full, or satisfactory payments according to an approved plan received, a third past due notice is sent, and an additional \$10 administrative fee is charged to the student.
 - 60 days following course end date, student withdrawal, or student removal: Final past due notice sent and \$10 fee charged.
 - 90 days following course end date, student withdrawal, or student removal: Account turned over to a collection agency.

- Summary for courses **less than or equal to ten days:**
 - Course start date: Payment due in full.
 - Payment not received by start date: Past due email notice sent.
 - Ten days from start date: Second past due notice is sent via email and postal mail. \$10 administrative fee is charged to cover costs associated with postal mail.
 - 30 days following start date: If course payment is not received in full, or satisfactory payments according to an approved plan received, a third past due notice is sent, and an additional \$10 administrative fee is charged to the student.
 - 60 days following start date: Final past due sent and \$10 fee charged.
 - 90 days following start date: Account turned over to collection agency.
- MLC accepts credit (Visa, MasterCard, Discover, and American Express), electronic checks, and debit cards for payment on student accounts. A small non-refundable percentage fee will be added for credit and debit card online payments. Likewise, a small flat-rate non-refundable fee will be charged for all E-check transactions.

Veteran's Benefits

Martin Luther College may not assess late fees or other late charges for veterans who are eligible to receive federal or state educational assistance and who have applied for that assistance but not yet received it, nor may they prevent these students from registering for a subsequent term because of outstanding tuition charges that arise from delayed federal or state payments. MLC may request, without delay, the amount of tuition above expected federal and state educational assistance and may require payment of the full amount of tuition owed by the veteran within 30 days of receipt of the expected federal or state educational assistance.

Billing Error or Dispute

Billing errors or disputed charges are first addressed to the financial services billing department informally via email, phone, etc. If the matter is not resolved informally, the student writes a letter detailing the presumed error and the dollar amount. The letter is addressed to the director of financial services, who makes the final determination concerning the error or dispute.

The Martin Luther College Office of Continuing Education supports early childhood teachers in Lutheran schools with developmentally appropriate professional and theological training. We realize that many early childhood teachers enter the field as adults with limited or no previous early childhood training. The continuing education options below are designed to help busy adults in any geographical area carry out their roles as early childhood teachers in Lutheran schools.

Early childhood teachers come to the position with varying backgrounds and education levels. MLC's supports are tiered, with varied entry and exit points to accommodate people where they are at currently. Tier 1 is a basic support for use at individual schools as needed. Tiers 2-4 are stackable, meaning they build upon one another so that completion of lower tiers apply toward higher tiers. For example, the three credits earned in Tier 2 fulfill three of the credits required for Tier 3. The diagram below illustrates the flexibility and stackability of these tiered supports.

The following supports are available:

Tier One: Early Childhood Teaching and Ministry Overview

The MLC Continuing Education website contains resource materials for onboarding early childhood teachers and aides at the local level. Resources provide a basic introduction to developmentally appropriate practice and ministry.

Tier Two: CDA Credential Training

MLC Continuing Education provides 120 hours of online instruction in the 8 required subject areas for the CDA Credential.

The CDA Credential is provided by the Council for Professional Recognition as a nationally recognized initial qualification for early childhood teachers. MLC's training is completed in one semester through three, one-credit online courses. These courses help candidates learn the material to pass the exam, build their professional portfolios, and prepare for their Observation Visit. More information about the credential can be found on the Council for Professional Recognition website www.cdacouncil.org.

Portfolio Requirement

Definition

A portfolio is a systematic collection of work that documents your progress and readiness for the teaching ministry. The contents of your portfolio also provide documentation that you:

- A.) know how your coursework/educational experiences help you meet the program goals.
- B.) know how your coursework/experiences may enhance your work in the teaching ministry.

Creating and Organizing Your Portfolio

As you complete the Associate of Science in Early Childhood degree, you will collect artifacts that you will include in your portfolio. It is important to have a collection system for keeping track of the artifacts that you plan to include in your portfolio. You will need to have "digital" artifacts that can be uploaded or attached to an electronic portfolio. Digital artifacts can include files, documents, photos, videos, and screenshots.

Each program goal will need two artifacts. One of these artifacts will be required and the other artifact is one of your choices. Course assignments will be used in your portfolio as required artifacts. These are listed in the table below. The second artifact is one of your choice. You may use a course assignment or you could also include something that was completed outside of coursework. An example of this might be advertising that you designed for a parent event. Each artifact may only be used once.

The artifacts you choose will need to demonstrate how you have met the program goals. You will write a separate essay for each program goal that details exactly how artifacts demonstrate that you have accomplished the goal. Then explain how this artifact will be useful to you in your ministry.

Submitting and Reviewing of Your Portfolio

You will submit your portfolio using an online portfolio software. Your portfolio will be reviewed by two instructors in the program. You will receive a "pass/no pass" for your portfolio submission. Revisions will be suggested for a "no pass" and you will have the chance to submit your portfolio a second time. Portfolio reviewers will receive \$25 per review.

Admission

Candidates will apply for admission through Admissions Department and meet the minimum qualifications for nontraditional students as outlined in the undergraduate catalog (p. 10). All applicants will be screened by the Admissions Committee before being shared with the Director of Continuing Education for final admission determination.

The admissions process will include the following:

- **Application Form**
The application form will gather demographic data needed to create a student account, information about previous degrees or college experience, and an essay section that explains why the online associate's degree for non-traditional students is the right pathway.
- **Recommendations**
A recommendation from the pastor and the director/principal is required. Those who serve as the director without an associated school can substitute an education board chair recommendation for the director/principal recommendation.
- **Official Transcripts**
Transcripts from the highest level of education are required (high school/college)

Academic Policies for AS in Early Childhood Education

Advanced Placement

High school students who take the College Entrance Examination Board Advanced Placement Tests may receive college credit. For details and passing grades for particular subjects, see the chart on page 25 of the Undergraduate Catalog or contact the MLC Records Office. The MLC code for reporting scores is 6435.

College-Level Examination Program (CLEP)

This College Board program allows students to earn college credit by demonstrating mastery of college-level material in introductory subjects. To determine if CLEP credits will apply to MLC requirements, see the chart on page 26 of the Undergraduate Catalog or contact the Records Office. A passing score of 50 is required for all examinations accepted by Martin Luther College. The MLC code for reporting scores is 6435.

International Baccalaureate Courses

Martin Luther College will award transfer credit for the exams listed on page 27 of the Undergraduate Catalog in which students receive a score of 5 or above.

Credit by Examination

Students may request to test out of a course. The application form is found on the MLC website and is submitted to the director of continuing education, ideally before the student has registered for the course. If the student has registered for the course, the deadline for requesting credit by examination is seven calendar days after the first class day of the semester. The director, in consultation with the course instructor, has authority to grant or deny the student's request. Tests must be completed within one calendar week after the request is submitted. Each examination for credit may be taken only once. A \$25 fee is charged for the test. An examination grade of C or higher must be earned to receive credit. A student cannot use credit by examination to earn credit for courses that the student has failed.

Experiential Learning Credit

An "experiential learning" experience is a previous learning experience in a classroom, on the job, in previous training, or through personal study that a student wishes to apply towards credit for a college course. The student must provide supporting documentation in the form of a portfolio. Three faculty members evaluate the portfolio for fulfillment of course objectives. Application forms may be obtained from the director of continuing education. A \$50 non-refundable fee is charged for each application.

Number of Nontraditional Credits Applicable to Program

A combined maximum of 30 credits earned by Advanced Placement, from credit by examination, from experiential learning, from CLEP, and from International Baccalaureate courses may be applied to a degree program.

Transfer Credits

Students who have completed coursework from a regionally accredited credit-granting institution are welcome to transfer credits from that previous undergraduate experience. To qualify for transfer credit, courses must meet the following criteria.

1. They must be applicable to MLC degree requirements.
2. They must carry a grade of C or higher.
3. Match the requirements for general education, theology, and professional education courses below.

General Education Courses

They must either relate to a comparable MLC course or fit the subject area category.

Theology Courses

They must match previously articulated transfer agreements with a college in WELS fellowship.

Professional Courses

They must relate to a comparable MLC course, a rule of thumb being 2/3 similar material/concepts.

Enrollment at Other Institutions

A student enrolled at Martin Luther College may take courses at other accredited institutions for transfer credit. Students should receive prior approval from their academic dean for courses they wish to take elsewhere to ensure that the course(s) will transfer. Enrollment concurrent with MLC's fall or spring semester at another institution is generally not permitted. When a valid programmatic need arises, a student may appeal to the Vice President for Academics. The outside coursework approval form is available online from the Records Office. Only courses with a C grade or better are accepted in transfer.

Credit Hour Policy

A class hour is defined as 50 minutes. The definitions below refer to the number of class hours during a semester that is approximately fifteen weeks long or an equivalent amount of time for terms of shorter duration. These definitions conform to commonly accepted practices in higher education.

1. One on-campus class credit is defined as: 1 class hour of direct faculty instruction per week and 2 class hours of out-of-class student work each week.
2. One distance learning or hybrid class credit is defined as: an equivalent amount of instruction and student work leading to equivalent learning outcomes as required for an on-campus class as defined above.
3. One laboratory credit (science or music) or one physical education activity credit is defined as: 2 class hours of direct faculty instruction and 1 class hour of out-of-class student work each week.
4. One studio private music lesson credit is defined as: 5 class hour of direct faculty instruction and 5 class hours of individual practice.
5. One laboratory piano credit is defined as: 3 class hours of direct faculty instruction and 3 class hours of individual practice.
6. One ensemble music credit is defined as: 3-5 class hours of supervised rehearsal each week, attendance at performances, and attendance at special rehearsals.
7. One internship, clinical, or student teaching credit is defined as: at least 45 hours of supervised work in a field placement within or outside of the academic calendar.
8. One individualized study credit (e.g., thesis, capstone project, directed study, independent study) is defined as: 3 class hours of direct instruction and/or individual work each week.
9. A course offered in a term of less than 15 weeks shall contain the same class hours, preparation time, content, and requirements as the same course or an equivalent course offered over a 15-week semester.
10. Physical education activity courses are 0.5-credit quarter courses. Typically, two quarter activity courses are scheduled in one semester to achieve one physical education credit.
11. Undergraduate class hours (classroom and out-of-class) consist of all educational activities associated with achieving the student outcomes, including any combination of the following: seat time; assigned readings; participation in discussion; listening to or viewing required instructional presentations; finding, gathering, and reviewing resources; preparing and sharing papers, projects, presentations; collaboration with classmates around a given task; creating and implementing research projects; preparing for quizzes and examinations, internships, clinicals, student teaching; and other academic work as outlined in the course syllabus.
12. One graduate level credit hour is equivalent to an undergraduate credit in regard to the amount of work, but the type of work regularly involves more rigorous standards for discussion and application. In addition to educational activities outlined for undergraduate work, graduate work also includes retrieving, reading, discussing, analyzing, synthesizing, and evaluating empirical research and reports of research; applying research to practice; and conducting and reporting one's own research.

Attendance and Absences

Martin Luther College requires regular class attendance and online participation of all students. Repeated absences or lateness of online submissions may result in a lower grade or loss of credit as stated in the course syllabi. The college places the responsibility for attendance on the student.

Active Status

Students are required to remain active. Active status requires successful completion of at one credit or registration for ED U 9999 Continuing Study. There is no cost or credit for ED U 6999, but it keeps the student active.

Full time: Full time students in this online program take a minimum of 6 credits in a semester.

Part time: Part time students in this online program take 1 to 5 credits in a semester.

Satisfactory Progress

Once admitted, students have eight years to complete the associate degree. Students must remain active, maintain a 2.0 GPA, and complete at least one credit during a given academic year (Fall, Spring, Summer). Students who do not make satisfactory progress are dropped from the program and must reapply.

We recognize that candidates are adults who work in demanding settings and have busy personal lives. The generous Active Status policy permits participants the flexibility to attend to life circumstances, but a pace of 1 credit per semester may be insufficient to complete the program in the eight-year window. Students are encouraged to work with the advisor to create a successful program plan. Students not

Academic Integrity

As a Christian community that draws its life from the gospel, Martin Luther College encourages its students to pursue academic excellence with honesty and respect for intellectual property. Because of its focus on ministerial training, MLC has an additional reason to emphasize academic integrity. It is one of many areas in which students are expected to demonstrate the faithfulness required of gospel ministers (1 Corinthians 4:1, 2). Course syllabi remind students of the importance of academic integrity and indicate how instructors will deal with infractions. Failure to meet expectations in this area may result in dismissal from the college.

The procedure for academic dishonesty is as follows:

1. Preliminary Step— Instructor determines the seriousness and possible level of sanction.
2. Notice Procedure— Instructor communicates with the student, informs the student of the consequence, and informs the student of the appeal process. The instructor informs the Director of Continuing Education and the Vice President for Academics.
3. Hearing— The student may appeal the sanction to the Vice President for Academics, who arranges a hearing. The decision of the Vice President for Academics is final.

Writing Policy

Because the college considers the ability to express oneself clearly, correctly, and responsibly in writing to be a necessity for college work and an essential characteristic of a Christian minister, it strives to teach and maintain good writing practices. Students are advised that grades on poorly written papers, regardless of the course, may be reduced because of the quality of the writing; in extreme cases, a failing grade may be given for this reason.

Academic Good Standing

Semester and cumulative grade point average (GPA) requirements are as follows.

Minimum GPA Requirements	
Sem . I – 1.70	Sem . II – 1.80
Sem . III – 1.90	Sem . IV – 2.00

A cumulative GPA applies to academic good standing requirements after a student's first 6 credits are earned. Failure to meet these minimum results in academic probation. Students have 6 credits to return to academic good standing.

Full-time Students

Full-time student status is defined as 6 credits or more. To be in good academic standing, both the semester and the cumulative GPA must meet the minimum GPA requirements.

Part-time Students

Part-time student status is defined as fewer than 6 credits. To be in good standing, the cumulative GPA must meet the minimum GPA requirements.

Summer Session Students

Summer session students are generally limited to six credits. Students wishing to overload (take more than six credits) must appeal to the Director of Continuing Education. Grade points earned in a summer session do not affect a student's previous semester GPA. However, they do affect a student's cumulative GPA. Consideration will be given to timing of additional credits, academic standing, financial aid packages, and possible impact on semester GPA.

Transfer Students

Academic standing of transfer students is determined by the GPA earned at a student's most recent institution. The number of semesters completed at other institutions is used to determine the minimum GPA requirements. After matriculation the GPA of transfer students is computed using only Martin Luther College credits.

Academic Resources

M L C offers resources to students in need of academic assistance.

- **Academic Advisor**

The Director of Continuing Education and his assistant serve as student advisors. They provide information about programs, registration, academic standing, and graduation.

- **Professors**

In addition to seeking help from fellow classmates, students should meet with their professor for help with academic issues. Syllabi and Moodle course shells list office hours.

- **Library**

Library resources are available online on the library website: <https://guidesmlc-wels.edu/> Select "Library Info for Online Students" from the "by Topic" dropdown menu.

- **Academic Success Center**

The Academic Success Center, located in the upper level of the library across from the library offices, offers free tutoring services for all students in need of academic help. Consult with the Director of Continuing Education to set up times for virtual meetings. Instructors may request assistance for students through Portal > Forms > Tutoring Request.

- **Writing Center**

M L C offers free guidance from experienced student coaches on writing projects. This service is available Sunday-Thursday evenings. Student interested in services should contact Coordinator Prof. Paul Grubbs (grubbspj@mlc-wels.edu) to set up virtual meetings and/or assistance.

Incompletes

An instructor issues the temporary grade I (Incomplete) when a student doing otherwise acceptable work is unable to complete the course assignments for reasons acceptable to the instructor. A first-semester Incomplete must be converted to a permanent grade by the end of mid-term of the second semester, a second semester Incomplete by July 31, and a summer session Incomplete by mid-term of the first semester, or the permanent grade is recorded as an F.

Repetition of Courses

Some courses are open for students to repeat if they choose. Certain majors require courses to be repeated for the purpose of continued growth in an area (e.g., music lessons). The course description indicates if it is a repeatable course. Each time the course is taken, a grade is received and is included in the grade point average calculation.

Other courses, those not designated as repeatable, are only available to be retaken

1. to receive credit for a failed course that is required for graduation. This can be earned either by repeating the course at M L C or by successfully completing an approved substitute from M L C.
2. if a student desires to better his/her grade point average. Only the grade earned in repetition will be figured in the student's grade point average, but the original grade will remain on the record.

Courses taken to remove a failure or repeated to better the grade point average are taken only through Martin Luther College.

Note: If a student wants to replace a grade for a course that is designated as repeatable, the student must contact the appropriate academic dean to complete the paperwork indicating that intent.

Review of Students

At the end of each semester, the director reviews students' academic progress toward their degrees. As warranted, policies of academic notice, academic probation, academic exclusion, or advice to review continued enrollment may be applied. The faculty also reviews students' aptness for ministry—attitude, comportment, diligence, aptness, social skills, etc. As warranted, policies of formal expression of concern, formal review of aptness, and exclusion may be applied.

Probation

1. A student on probation must become a student in good academic standing by the end of 6-credits. A student who fails to gain this status is required to withdraw from college. Application for re-admittance is considered after a lapse of one semester. A student required to withdraw at the end of a semester is ineligible to attend the subsequent semester.
2. A student on probation discusses with the Director of Continuing Education the desirability of reducing the student's course load as an aid in regaining good standing. If the course load is reduced, consultation between the student and advisor and the advice of the dean determines the course(s) to be dropped. In the interest of the student as well as in the interest of maintaining proper academic standards, a student on probation also discusses with his/her advisor the extent of cocurricular activities and outside employment.

Withdrawal from Courses

See policies under "Financial Information."

Dismissal from College

A student may be dismissed from college for academic reasons, disciplinary reasons, or lack of aptness for ministry.

Dismissals for Academic Issues

Grounds for dismissal: academic exclusion

Policy: Students have credits to move from academic probation to good standing. Students remaining on academic probation after six credits are dismissed from MLC. The policy of academic exclusion stands without the right of appeal. Students who are academically excluded may apply for readmission after at least one regular semester away from MLC and will, if admitted, return on probation. Students dismissed during the second semester are ineligible to attend the subsequent summer session. A student who is academically excluded a second time is no longer eligible for readmission.

Student Appeal of Dismissal Decisions

Undergraduate students dismissed by MLC may utilize this Student Appeal of Dismissal Decisions process. The general objective of an appeal is to bring new information that might not have been available or previously considered, to protest a procedural error or inconsistency in the appeal process, or to question the appropriateness of a decision.

The appeal process/grievance procedure must be initiated within 10 calendar days after the dismissal decision is communicated to the student. The appeal must be made in writing on the Student Appeal/Grievance Form located on the MLC website (www.mlc-wels.edu).

Appeals will be considered by a panel consisting of the Vice President for Academics and at least one academic dean.

On the Student Appeal/Grievance Form, the student may request to present his or her appeal and supporting information in person. The request to appear in person will be granted or denied by the panel or vice presidents at their discretion. If an in-person presentation is granted, it will be held at a time designated by the panel or vice presidents, and the student may be accompanied by one other person. The student will be informed of the decision on the appeal in writing. The appeal decision is final.

Student Complaints and Grievances

Academic Complaints

If a student's concern is an academic policy concern, first consult the "person responsible" as that term is defined in the chart below. A student may appeal the decision of the "person responsible" within 10 days after that decision has been communicated to the student. Appeals are made to the Vice President for Academics. The student may use, but is not required to use, the Student Appeal/Grievance Form. All appeals must be in writing.

Other academic complaints and grievances are addressed to the Vice President for Academics. Students are welcome to speak to the vice president at any time about a concern. Only written complaints and grievances are considered formal student complaints that receive a written response within 10 days of their receipt. Students filing a formal complaint or grievance may use the Student Appeal/Grievance Form, which is accessible on the college website.

Non-Academic Complaints

Martin Luther College encourages that disagreements and complaints be openly and forthrightly discussed between those who are involved. Disagreements and misunderstandings may arise between students, students and professors, or students and college staff members. Sometimes a student may feel strongly that a college policy or an aspect of campus life is a source of justifiable complaint.

Students are encouraged to speak freely with their professors and the Director of Continuing Education when they find a particular matter especially disconcerting, and may file a formal written complaint about such matters with the appropriate administrative head. All complaints, oral or written, receive a courteous hearing and are acted upon in a Christian manner.

The college maintains a log of formal, written student complaints. This log is kept in the Administration Office Suite. Students filing a formal complaint or grievance may use the Student Appeal/Grievance Form which is accessible on the Martin Luther College website. All student complainants are assured of anonymity when the topic of their formal complaint appears on the log. The following administrators comprise the list with whom students may file formal, written complaints.

- Director of Continuing Education
- Vice President for Academics
- President

Graduation and Commencement

In order to participate, students must fulfill the degree requirements and make application for graduation. Diplomas are printed at the end of each semester. Formal recognition for degrees occurs in May.

Requirements for All Degrees

1. Associate degrees require students to earn a minimum of 67 credits.
2. At least thirty semester hours of credit must be earned from Martin Luther College.
3. A minimum cumulative grade point average of 2.00 for the total number of courses taken at Martin Luther College is required.
4. The student is responsible for meeting all requirements for graduation.

Application for Graduation

Applications are due in the Director of Continuing Education Office by February 1 of the year preceding the student's graduation. This information is needed to conduct the student's graduation degree audit and to ensure that the student has the appropriate number of credits to graduate. Students are also responsible for notifying the Director of Continuing Education if their anticipated graduation date changes. Failure to apply for graduation may delay the student's graduation date.

Participation in Commencement

Martin Luther College conducts commencement exercises in May. Students completing their degree requirements in December may participate in the May commencement. Students who will satisfy degree requirements in the summer can participate in the previous May commencement but must register for summer classes prior to the May commencement. Diplomas for students who complete requirements during the summer are dated the last day of the month in which requirements were completed.

Student Appeal of Admission Decisions Process

Students denied admission by MLC may appeal. The general objective of an appeal is to bring new information that might not have been available or previously considered, to protest a procedural error or inconsistency in the denial process, or to question the appropriateness of a decision.

The appeal process/grievance procedure must be initiated within 10 calendar days after the denial decision is communicated to the student. The appeal must be made in writing on the Student Appeal/Grievance Form located on the MLC website (www.mlc-wels.edu).

Appeals of denial from the Director of Admissions will be considered by the Admissions Committee. Appeals of denial from the Admissions Committee will be considered by the Vice President for Academic Affairs or the Vice President for Administration. Appeals are to be emailed to admissions@mlc-wels.edu or mailed to Admissions, Martin Luther College, 1995 Luther Court, New Ulm, MN 56073. The prospective student will be informed of the receipt of the appeal and of the appeal decision in writing. The appeal decision is final.

Introduction

Marvin Luther College offers a variety of certificate programs with the goal of providing additional education opportunities for pastors, teachers, staff ministers, and WELS lay members. Specialized training is offered in the following areas:

- Educational Technology Certificate (ETC)
- Teaching Online Certificate (TOC)
- WELS Evangelism Certificate (EvC)
- WELS Chaplain Certificate (CC)
- WELS Mentoring and Coaching Certificate (MCC)

Online Method of Instruction

- All certificate courses are conducted online. More information about the [Individual Certificate Programs](#) is available at the MLC website.
- Registered students receive a password to access the course via the internet, where they will open their lessons.
- Enrolled students work on the course when they have time each day, instead of having to login at a certain time.
- Assignments will include reading materials from a textbook or an online source, writing reports, formulating reactions, participating in online discussions with fellow students and the instructor via a discussion form at tool in Moodle, and an assignment activity that each student completes and submits to the instructor via an assignment tool in Moodle. Some courses may have exams.

[WELS Evangelism Certificate \(EvC\)](#)

- **Purpose:**
 - The Evangelism Certificate (EvC) program is intended to be used by lay and/or called workers in congregations to gain the understanding and skills to lead, create, and participate in congregational evangelism efforts.
 - The goals of the Evangelism Certificate program are to develop congregational evangelism leaders who understand the scriptural foundation for a congregation's evangelism ministry, can evaluate and plan congregational evangelism efforts, are equipped to give an answer for the hope they have in Christ (1 Peter 3:15), and seize opportunities for personal evangelism in all aspects of their lives.
- **Program :**
 - Participants in the program will complete three online 1-credit courses to earn an Evangelism Certificate. These three 1-credit courses were developed with the goals of low cost and reasonable time commitment for the participants. View the EvC [Program Plan](#) including course offerings on page 21.
- **Entrance Requirements:**
 - Congregational membership in good standing in WELS or denomination in fellowship with WELS
 - Be a pastor, staff minister or staff ministry certificate student of the WELS or denomination in fellowship with WELS, or have a pastor's recommendation
 - High school diploma or higher
 - Ability to take online courses (computer and internet access required)

W ELS Chaplain Certificate (CC)

- **Purpose:**
 - The W ELS Chaplain Certificate (CC) program exists to help address the challenges that face W ELS chaplains in gaining access and meeting requirements to carry on ministry with public or private healthcare agencies, in hospitals or correctional facilities, on military installations, and with public safety agencies.
 - The W ELS Chaplain Certificate program also exists to assist certified chaplains to receive ongoing education and training opportunities so that they may enhance and increase their skill sets as they learn new insights for sharing the love of Christ with others.
 - The scope of the W ELS Chaplain Certificate is only to certify that a prescribed curriculum has been completed. It demonstrates to public institutions that the chaplain has completed a certain level of spiritual guidance training appropriate to serve those within that institution.
 - The W ELS Chaplain Certificate enhances, or augments, one's existing qualifications for ministry. The program applies biblical truths to the issues encountered by chaplains. It does not provide theological training, so the candidate must already have a basic understanding of God's Word and Christian doctrines. By itself, the certificate does not qualify one for a call into public ministry or employment as a spiritual leader in a church or any other institution.
 - The W ELS Chaplain Certificate program also requires continuing education units for graduates to retain certification.
- **Program :**
 - Participants in the program will complete four basic courses (10 credits) and one elective (3 credits). Electives are offered for those who want to specialize in a particular area of chaplaincy. View the CC [Program Plan](#) including course offerings on page 217.
 - THE 9534, "Chaplaincy Grounded in Scripture", is a prerequisite for people without a theology Minor from Martin Luther College. This course will not count towards total program credits needed to complete the chaplain certificate program.
 - A student must obtain a course grade of C or higher for the course to count toward requirements of the certificate program. This means that any course with a grade of C- or lower will not help fulfill the requirements needed for completing the program. A student may elect to retake a course if a grade of C- or lower was earned.
- **Entrance Requirements:**
 - Official transcripts of highest degree earned
 - Membership in good standing in W ELS or denomination in fellowship with W ELS
 - Ability to spend at least 10 hours per week for each semester-long, 3-credit college course
 - Ability to take online courses (computer and internet access required)
 - Ability to take a one-week seminar at Wisconsin Lutheran Seminary in Mequon, Wisconsin

Participants who complete the program will demonstrate proficiency in the language, skills, and strategies necessary to accelerate a beginning teacher's practice along a continuum of teacher development.
 - Teachers can use the certi cate to demonstrate that they are qualified to increase teachers' growth and instructional practice through mentoring/coaching.
- **Program :**
 - Participants who complete nine credits of M C C program coursework will be issued a Mentoring and Coaching Certi cate through M LC . These nine credits may transfer directly into the Master of Science in Education program o ered through M LC . Introduction

Micro-Credentials provide formal recognition for a teacher's informal learning. They signify that the teacher has mastered a specific, bite-sized teaching skill, such as developing background or quick formative assessment.

Micro-credentials certify that a teacher or supervisor can perform small and specific professional skills that are tied to the Commission on Lutheran Schools' Ministerial Growth and Evaluation Process.

As teachers and supervisors earn Micro-Credentials, they can include them in their Ministry Development Plan, just as you include credits and clock hours. However, Micro-Credentials are more beneficial since they measure actual competencies instead of completion of coursework. More information about Micro-Credentials is available on our MLC website.

Steps to Earn a Micro-Credential

1. **Choose** one of the Micro-Credentials we offer. It could be a skill a teacher or supervisor would like to learn or a skill they already have. Right now, we offer 17 Micro-Credentials, 10 for principals and seven for teachers.
2. **Research** the skill using the article or video suggestions given on the MLC website. If a teacher or supervisor has already completed a webinar or course in that skill, their research is basically complete.
3. **Practice** the skill at your own pace, in your own classroom.
4. **Register** for the micro-credential. The cost is \$50.
5. **Submit** evidence of competency in this skill. The required evidence might be a lesson plan, lesson video, written reflection, or other document.
6. **Wait** while MLC professors evaluate the evidence using the rubric, which is also available on the website.
7. **Receive** verification of the Micro-Credential, which comes in the form of a digital badge from MLC.
8. **Share** the digital badge for others to view on your curriculum vitae, your signature, your school website, and your own social media platforms.

Master of Science Programs

- **Master of Science in Education**

The Master of Science in Education (M.S.Ed.) is an online degree program that contributes to the professional growth of teachers, and partners with them to be reflective, competent, and dedicated educational leaders. It is designed primarily for persons who have an undergraduate degree in education from an accredited college or university. Individuals with other degrees and who are teaching would also benefit from this degree program. More [Master of Science in Education](#) information is available on the MLC website. Students in this program choose to focus their studies in one of four areas of emphasis:

- Educational Technology
- Instruction
- Leadership
- Special Education

- **Master of Science in Educational Administration**

The Master of Science in Educational Administration (M.S.Ed. Adm.) is an online degree program that prepares educators to become visionary, collaborative, relational, and spiritual leaders in early childhood director, technology director, and principal roles. It is designed primarily for persons who have an undergraduate degree in education from an accredited college or university and who are either currently serving in or preparing to serve in early childhood, elementary, or secondary administration roles. More information about the [Master of Science in Educational Administration](#) is available on the MLC website. Students in this program choose to focus their studies in one of two areas of emphasis:

- Early Childhood Director
- Principal
- Technology Director

Master of Arts Program

- **Master of Arts in Theological Studies**

The Master of Arts in Theological Studies (M.A.T.S.) is an online degree program that provides spiritual and professional growth through advanced studies in Scripture, doctrine, church history, and ministry. It is designed primarily for ministry-certified staff ministers and teachers, and it provides them with a broader and deeper foundation for their service in the public ministry. It is also open to qualified persons who meet the entrance requirements, and it allows them to grow spiritually as they serve in their various vocations in life and as members of their local congregations. The degree, of itself, does not qualify one for a called position in a church. More [Master of Arts in Theological Studies](#) information is available on the MLC website.

Organist and Choir Director Courses

This program offers on-campus training for organists and choir directors. WELS district worship coordinators typically determine the need for a workshop for organists or choir directors in their district and make arrangements through the Office of Graduate Studies and Continuing Education to hold these courses at a specific site and date. The Music Division chairman is contacted for suitable workshop leaders. All financial and coordinating arrangements are handled through the Office of Graduate Studies and Continuing Education.

Satellite C courses

Marlin Luther College offers satellite, credit, and non-credit courses designed for teachers. A list of [Satellite Course Recommendations](#) is available on the MLC website. Each satellite course involves 12.5 hours of face-to-face instruction. When taken for credit, the student can expect an additional 25 hours, which includes pre-course reading or preparation and perhaps assignments or a test to be completed after the course. Satellite courses may be scheduled on weekends, evenings, or during the day. Satellite courses are designed especially for persons in the field to add breadth to education experiences that impact their teaching. Credits or clock hours earned through in-service courses are often used to maintain teaching licenses. Credits earned are undergraduate credits.

The Office of Graduate Studies and Continuing Education strives to meet the needs of the synod's districts by bringing satellite courses to the people in the field. Requests for satellite courses are made to the district coordinator or directly to the director of continuing education. Arrangements for scheduling are made by the Office of Graduate Studies and Continuing Education. The district coordinator or a designate helps publicize the course and makes whatever local arrangements are necessary. Marlin Luther College advertises, registers, collects tuition, and pays instructors. These courses are typically taught in summer, but there may also be requests for them during the year.

Programs for Early Childhood Education

These religion and professional education courses are designed to help early childhood educators who teach or provide care for children between birth and age 8. These courses are designed to increase participants' understanding of children's physical, cognitive, language, emotional, and spiritual development; help them better understand the important relationships among home, church, and school; and broaden their perspective on approaches and programs in early childhood education. Requests for courses are made to the Office of Graduate Studies and Continuing Education. Credits earned are undergraduate credits.

The following are the three Early Childhood Education Program Series options:

Early Childhood Educator Series

- **Purpose:**
 - The Early Childhood Educator Series is designed to provide current early childhood teachers with a comprehensive understanding of developmentally appropriate practices in early childhood: spiritual, intellectual, physical, and emotional.
- **Program :**
 - Early childhood teachers are encouraged to take all 11 courses (mostly 1-credit). These courses are aligned to the Child Development Associate (CDA) National Credentialing program so that teachers completing all 11 courses will be prepared to apply for the CDA credential. These courses are being offered online or face-to-face at your location.
- **Who should enroll:**
 - Anyone who does not have an early childhood education degree, including teachers who have an elementary or secondary education degree.

Early Childhood Ministry Certification

- **Purpose:**
 - WELS Early Childhood Teacher Ministry Certification is intended for early childhood teachers only. It does not certify early childhood directors, elementary teachers, or secondary teachers. The synod's preference is that men and women qualify themselves as early childhood teachers by graduating from Martin Luther College (MLC).
 - However, because not all ECE teachers are graduates of MLC, these certification guidelines developed by the WELS Conference of Presidents (COP) of the Wisconsin Evangelical Lutheran Synod seek to establish an adequate standard of teacher training that will ensure proficiency in carrying out the aims and objectives of WELS early childhood programs.
 - In addition, these guidelines make it possible to carry out an orderly program of in-service training for early childhood teachers who are rendering a needed and valuable service in our schools but who have not fulfilled baccalaureate or certification requirements.
 - Early childhood directors must complete WELS Early Childhood Director Ministry Certification.
- **Program :**
 - Participants in the program will complete 18 courses (1-credit and 3-credit) plus a five-week clinical. These courses are offered online or face-to-face at your location.
- **Who should enroll:**
 - Called early childhood teachers who are not ministry certified or licensed early childhood teachers who want to prepare to teach in a WELS school.

Early Childhood Outreach Essentials

- **Purpose:**
 - Lutheran early childhood teachers strive to connect their students and families to Christ and the local congregation.
- **Program :**
 - Participants in the program will complete five basic courses (1-credit). These courses are offered online or face-to-face at your location.
- **Who should enroll:**
 - Licensed and ministry-certified early childhood teachers who want to maximize the outreach potential of their preschools.
 - Anyone who does not have an early childhood education degree or teachers with an elementary or secondary education degree.

CD A Credentialing Process for Early Childhood Educator Series Competers

- **Purpose:**
 - "Having the CD A Credential from the Council for Professional Recognition verifies that teachers have the ability to put the Council's nationally-recognized CD A Competency Standards into practice and the understanding of why those Standards help children move with success from one developmental stage to another." (Council for Professional Recognition: Preschool Edition 2017)
 - The CD A credential is recognized in every state as a sign that an early childhood teacher employs developmentally appropriate early childhood instruction in a safe environment for young children.
- **Application:**
 - Complete and submit the Martin Luther College Early Childhood Educator Series Application online.
- **Prepare:**
 - Complete all Early Childhood Educator Series CD A Credentialing courses.
 - A student must obtain a course grade of C or higher for the course to count toward requirements of the program. This means that any course with a grade of C- or lower will not help fulfill the requirements needed for completing the program. A student may elect to retake a course if a grade of C- or lower was earned.
 - Work 480 hours with children ages 3-5 years old
 - Prepare the Professional Portfolio
- **Application for Program Completion:**
 - Complete and submit the Martin Luther College Application for Program Completion online to receive record of all training courses completed.
- **Apply through the Council for Professional Recognition:**
 - Select a Professional Development (PD) Specialist and confirm availability with the specialist.
 - Have the center or program director complete the Director's Permission Statement as part of the application.
 - Submit the application and pay the assessment fee.
 - Receive the Ready to Schedule notification from the Council.
 - Receive the record of training completion from Martin Luther College.
- **Demonstrate:**
 - Schedule Verification Visit.
 - Bring Professional Portfolio and Competency Standards book to CD A Verification Visit.
 - Schedule and take CD A Exam.

Network Services

The office of Network Services will be open Monday - Friday from 7:30 am - 4:30 pm and Sunday - Tuesday from 7:30 pm - 10:30 pm. You can contact network services by phone at 507-233-9100. Information concerning network services is also available online; go to the MLC website, mlc-wels.edu/network-services, to submit a support request, reset a password, or find answers to questions.

Computer Hardware / Software

It is the student's responsibility to ensure their computer system meets or exceeds the minimum hardware and software specifications to participate in an online course. A detailed listing of [Current Computer Requirements for Online Courses](#) is posted on the MLC website. Note that the minimum specifications may result in slow access speeds and lead to some frustration. Some courses may have additional hardware and/or software requirements, as specified by the course instructor.

Technology Requirements

- **A PC or Apple computer with internet access**
- **High-speed internet access**
 - DSL, Cable, fiber optic, etc.
- **Word Processing Software**
 - You must be able to save and read files created by Microsoft Word, which will be used by most course instructors. Microsoft Word 2007 or newer (or other equivalent software) is preferred.
- **Web Browser**
 - A web browser - the latest version of one of the following:
 - * Microsoft Internet Explorer
 - * Edge
 - * Mozilla Firefox
 - * Google Chrome
 - * Apple Safari
 - We cannot guarantee compatibility with all browser versions. If you have problems, please update your browser, try out another browser, or contact [MLC Network Services](#).
- **Email Software**
 - You are required to have access to email, including the ability to send and receive attachments.
 - MLC provides all students with Gmail accounts, which include access to Google Apps that are used in some courses. We strongly suggest that students use their Gmail addresses for all coursework correspondence.
- **Other Software**
 - Depending on your course, you may be required to download and install other free plugins to access streaming media or other web materials.
 - PDF File Support: Your course may require the reading of files in PDF format. Make sure you have Adobe Reader installed or another program that allows you to read PDF files. A free Acrobat PDF Reader can be downloaded from adobe.com/downloads. (Select the button Get Adobe Reader).
 - Some courses may also use video feed, in which case you will need RealPlayer or Windows Media Player. Other courses may require PowerPoint. See the course syllabus for specific requirements.

Technical Skills

Students are assumed to have general computing, word processing, and internet browsing skills. Learning these skills is not part of any course in the online program. Students deficient in any of these skill areas are encouraged to obtain these skills prior to enrollment in any online course.

Instructors can assist with course software and procedures, but they are not equipped to assist you with your computer and its installed programs and settings. It is the student's responsibility to seek out technical assistance as needed from a local resource person.

Time Required for an Online Course

Traditional three-credit face-to-face courses require students to be in class for 37.5 class hours in a semester, with additional time spent outside of the classroom. Online students may expect to commit to 115 hours per semester, which translates to seven to eight hours per week. In courses taught during the eight-week summer term, the material must be covered in half the time of a regular semester course; therefore, students should expect a time commitment of 14 to 16 hours per week. Some students may require a greater or lesser time commitment depending on prior knowledge, reading speed, and study habits.

Online courses require a discipline and a time commitment that can be a challenge for some students. Most instructors give specific suggestions for time management. Instructors will monitor online time and will take the responsibility and initiative to contact students regarding progress or lack of progress. Extensions may be requested in instances involving illness or serious family issues.

Online Resources

- **How to Access Your Course on Moodle**
 - Prior to the start of an online course, instructors send registered students course details and information on how to access the course in Moodle. Current information on [Accessing a Course in Moodle](#) can be found on the MLC website under Policies and Information.
- **Working with Moodle**
 - Many documents have been created by Martin Luther College to assist students while working in the Moodle learning management system. Answers to [frequently asked questions \(FAQ\)](#) as well as current documents are available on the MLC website under Policies and Information.

Textbooks

Many online courses will use the same textbook used in a face-to-face version of the course. However, some online courses access all course materials directly via the internet at no additional cost. Several weeks prior to the start of an online course, the course instructor will send you the course syllabus, which will contain the materials you need to purchase for the course as well as information on where you can purchase them. [Textbook Information](#) is also listed on the MLC portal website.

Start / End of Online Courses

MLC online courses generally follow the same schedule as the on-campus courses for beginning and end dates. Publicity published by MLC will indicate dates for courses, both online and on-campus. Midterm breaks within online courses are set at the discretion of the course instructor. Some online courses, especially in the graduate program, will begin new lessons each Wednesday because many online students have full-time jobs and have more time to work on the course material over the weekend. Details such as these will be communicated to students by the course instructor at the beginning of each course.

Online Orientation Course

As a registered new student for an online course an account will be created for you by MLC Network Services. Also, an email with information to access your student account will be sent to your self-designated alternate email address. About a week before the start of the course, you will be sent instructions on how to access a free "Introduction to Online Learning" mini-course that will lead you through online activities commonly found in MLC online courses using Moodle. Course access will only be granted to those students who have indicated on their registration form that they desire to take the free online course through MLC.
