INTRODUCTION

This booklet contains the guidelines and procedures for participation in the Martin Luther College Secondary Student Teaching II experience. If you have any questions about the information in this booklet, contact Professor Ronald Ohm, Professor Paul Tess, Dr. Cindy Whaley, Mrs. Deborah Witte. Contact information is listed in the Appendix of this booklet. The partnership between the public school cooperating teacher and MLC is vital to the training of young people who aspire to the teaching profession.

Purpose

The goal of the Student Teaching II secondary program is to provide MLC Education students another preservice opportunity in working with students in a variety of classroom settings. Secondary Student Teaching II is among the following required experiences:

- Individual Field Experience (IFE) Hours – service learning opportunities working with children and adults
- Early Field Experience (EFE I, EFE II, and EFE III) - three week-long classroom experiences
- Clinical - a semester-long experience of one day a week, taken concurrently with the discipline methods course, and generally completed in Year 3
- Student Teaching II - a full-time, six-week (10 weeks for SpEd majors) professional experience in elementary, middle, or secondary level classrooms of public schools
- Student Teaching I - a full-time, ten-week (6 weeks for SpEd majors) professional experience in secondary level classrooms of Lutheran high schools

Upon completion of the Minnesota Professional Educator Licensing and Standards Board (PELSB) approved program required of MLC secondary education majors, the teacher candidate is eligible for a Minnesota 5-12 license (Communication Arts and Literature, Mathematics, Social Studies, Life Science, Chemistry or Physics) or a K-12 license (Music, Physical Education, Special Education, or World Language and Culture: Spanish).

Secondary Student Teaching II Placement Determination

Secondary Student Teaching II placements are determined as follows:

A. To be eligible for a Minnesota 5-12 license, the teacher candidate must complete experiences in intermediate (5-6), middle (7-8), and high school (9-12) level classrooms.

B. To be eligible for a Minnesota K-12 license for Classroom Music (Instrumental and/or Vocal), Physical Education, or Spanish, the candidate must complete experiences in elementary (K-6), middle (5-8), and high school (9-12) level classrooms.

C. To be eligible for a Minnesota K-12 Special Education: ABS license, the candidate must complete experiences in elementary (K-4), middle (5-8), and high school (9-12) level classrooms.

These experiences are comprised of those that come from EFE III, Clinical, Student Teaching I, and Student Teaching II. The candidate is placed according to his or her program major (Chemistry, Communication Arts and Literature, Life Science, Mathematics, Instrumental Music, Vocal Music, Physical Education, Physics, Social Studies, Special Education and World Languages and Cultures: Spanish).

Student Eligibility

Students are eligible to participate in a student teaching experience when they have met all program prerequisites, have been screened by the faculty, and are retained in the education program.
In addition, completion of a satisfactory background check is required for working with children. Each student must authorize the background check and give permission to release the results to MLC. The Director of Field Experiences produces a letter of good standing for each student working in those partner schools requiring verification of background screening. Some schools require a copy of the background check in which case students will be responsible for providing the school a copy.

**MLC Expectations of Student Teachers**

**A. Attendance**

1. The MLC student teacher should follow the calendar of the school in which he or she is teaching in their professional semester, being present at the school all day each scheduled day of the experience.

2. From time to time a student teacher may become ill and need to stay home. In such situations, the student teacher should log into the Portal and report the absence under Attendance. By submitting the absence report, an automatic email notification is sent to the cooperating teacher, college supervisor, administrator, and Field Experiences Office. The candidate may also want to phone or text his or her cooperating teacher to ensure a smooth hand-off of responsibilities for the day or beyond.

3. At other times, a student teacher may need to be excused for a medical appointment, funeral, etc. In these cases, the candidate should log into the Portal (under Attendance) as soon as possible and request approval to be excused. After the Director of Field Experiences approves the request, an automatic email is generated with notification to the cooperating teacher, college supervisor, administrator, and teacher candidate.

4. The Director of Field Experiences is responsible for determining the length and amount of make-up days when absences exceed two times.

5. In the event of a snow day or in-service day (that the student teacher is not expected to attend), the candidate should log into the Portal and report the event under “School Closed.” The absence does not count toward the maximum allowed.

6. The student teacher will not be excused from student teaching in order to take MTLE professional exams.

7. Unexcused absences will be reported to the MLC Director of Field Experiences by school district personnel.

8. On questionable weather days a student should check television and radio stations or school websites for information regarding cancellations and late starts. The MLC student teacher is expected to go to school in the event of a late start.

**B. Dress/Conduct**

The MLC student teacher is expected to dress and work professionally in the building. The student should inquire about teacher dress code policies in the building. The student should adhere to the Code of Ethics for Minnesota Teachers (see following – Part F). Cooperating teachers should not hesitate to contact MLC representatives regarding any concerns about the dress or conduct of any MLC student in the building.
C. Arrival
   Students should email their cooperating teachers for school start times. Students are not to decide their own start times.

D. Dismissal
   The MLC student teacher should remain after school in order to receive feedback on the day from the cooperating teacher and to plan experiences for the next school day. Teacher dismissal times vary from building to building. Student teachers have been advised to inform employers that they may not be available until after 4:30 p.m.

E. Transportation
   The MLC student teacher is responsible for transportation to and from student teaching. Consequently, candidates are encouraged to have a vehicle during the student teaching term. The college does not cover the cost of transportation. Arrangements may be possible in which students share rides and cost of travel with others going to the same school. However, in making placement decisions, the Field Experiences Office will not consider the individual transportation needs of student teachers.

F. 8710.2100 Code of Ethics for Minnesota Teachers

   Subpart 1. Scope.
   Each teacher, upon entering the teaching profession, assumes a number of obligations, one of which is to adhere to a set of principles which defines professional conduct. These principles are reflected in the following code of ethics, which sets forth to the education profession and the public it serves standards of professional conduct and procedures for implementation. This code shall apply to all persons licensed according to rules established by the Board of Teaching.

   Subpart 2. Standards of professional conduct.
   The standards of professional conduct are as follows:
   A. A teacher shall provide professional education services in a nondiscriminatory manner.
   B. A teacher shall make reasonable effort to protect the student from conditions harmful to health and safety.
   C. In accordance with state and federal laws, a teacher shall disclose confidential information about individuals only when a compelling professional purpose is served or when required by law.
   D. A teacher shall take reasonable disciplinary action in exercising the authority to provide an atmosphere conducive to learning.
   E. A teacher shall not use professional relationships with students, parents, and colleagues to private advantage.
   F. A teacher shall delegate authority for teaching responsibilities only to licensed personnel.
   G. A teacher shall not deliberately suppress or distort subject matter.
   H. A teacher shall not knowingly falsify or misrepresent records or facts relating to that teacher's own qualifications or to other teachers' qualifications.
   I. A teacher shall not knowingly make false or malicious statements about students or colleagues.
   J. A teacher shall accept a contract for a teaching position that requires licensing only if properly or provisionally licensed for that position.
   K.
Student Identification
The MLC student teacher should display his or her MLC student identification card in the provided badge holder each day while participating in the experience.

Lunch Procedures
Each student on an MLC meal plan may make a sack lunch from the MLC cafeteria. Lunch items are available for making and packing by 7:00 a.m. Students who leave earlier than 7:00 a.m. may make their lunches the evening before the student teaching day. The lunch items should be packed in the white lunch bags provided. An alternative to packing a sack lunch the night before is to pick dinner items for a green “to-go” container, a microwavable container that can be refrigerated overnight. The container is obtained from the food service checker on duty for a $5.00 deposit. When the container is returned, the student can receive either the $5.00 deposit or a clean container for use the next teaching day. MLC students should not leave their teaching setting during the school day.

Personal Communication and Use of Social Media
MLC students should not use cell phones and computers for personal use during the school day. When emergencies arise requiring their need, permission of the cooperating teacher should be asked and advice sought on how best to handle emergency communication in the classroom.

Teacher candidates are to refrain from contacting students through social media such as Facebook, Instagram, Twitter, and Snapchat. Local school policy may allow such communication, but MLC wants to be proactive in helping candidates avoid a potential problem area. Communicating with students via social media may result in dismissal from the student teaching experience.

Field Trips
The MLC student should plan to attend and assist as a chaperone on any class field trip that begins and concludes during the regular school day hours. He or she has the option to attend a field trip that takes place outside the regular school day schedule. In cases in which the MLC student does not attend a field trip, arrangements will be made for him or her to observe in another classroom.

Cooperating Teacher Honorarium
As a token of appreciation for the willingness of a cooperating teacher to partner with MLC in the training of preservice teachers, an honorarium for serving as a supervisor of MLC student teachers is provided in the amount of $55 for each student with whom they work.

MLC is very thankful for the willingness of cooperating teachers to open their classrooms to MLC students and for providing classroom experiences and guidance in developing skills in teaching and leading students.

Sexual Harassment
MLC adheres to all guidelines regarding sexual harassment in the work place. A student teacher who feels an incident of sexual harassment has occurred should first report the incident to the cooperating teacher. If satisfactory resolution of the incident is not obtained, the student teacher should then report the occurrence to the college supervisor. If necessary, the college supervisor will report the incident to the Director of Field Experiences.

Likewise, participating school personnel should report any incident of sexual harassment on the part of a student teacher to the cooperating teacher and then to the college supervisor of the student teacher. If further resolution of the incident is warranted, the college supervisor will report the incident to the Director of Field Experiences.
STUDENT EVALUATION

Student Teaching II Evaluation
The Student Teaching II experience is evaluated with a Pass (P) or No Pass (NP). A student must receive a Pass rating in student teaching to be eligible for graduation and candidacy for teaching. The rating is derived jointly between the student’s college supervisor and cooperating teacher.

The student will be made aware of his or her progress by the college supervisor at the time of the visits between the college supervisor and cooperating teacher.

The cooperating teacher will evaluate the student’s overall development as a teaching candidate by rating the student on several summary statements on the MN Standards of Effective Practice (SEPs) at the end of the experience. In addition, the cooperating teacher is requested to write narrative comments related to the student’s development as a candidate for teaching. (See example of online SEP Student Teaching II Assessment in the Appendix.)

Student Teaching II experience information related to each student’s personal, teaching, and classroom management traits will be made available by the college supervisor to the MLC Director of Field Experiences as helpful information in developing the student’s teaching candidate biography.

No Pass Rating
A student who completes the student teaching experience but does not receive a Pass rating will be referred by the college supervisor and cooperating teacher to the MLC Teacher Education Committee (TEC). The TEC will determine whether a second student teaching term should be granted to the student. If granted, the time of placement for the second term will be at the discretion of the TEC.

A student who receives a No Pass rating must make up the experience with a successful student teaching term in order to graduate and be recommended by MLC as a candidate for teaching. (See the following “Dismissal” section for more information.)

A student who receives a No Pass for a Student Teaching II experience will not be allowed to continue with the professional semester. He or she may participate in an alternate experience sanctioned and arranged by the Director of Field Experiences.

Dismissal From the Student Teaching II Experience
Not adhering to the guidelines outlined in this manual and/or unprofessional conduct are grounds for dismissal from the student teaching experience at any time. Due to issues of performance that may be detrimental to the welfare of a student and/or the integrity of Martin Luther College’s student teaching program, a student teacher may be dismissed prior to the end of any student teaching term. The decision to remove a student is a joint one made by the college supervisor, the cooperating teacher, and the Director of Field Experiences, and is without appeal.

A student who is dismissed before the end of the term is no longer a student at Martin Luther College unless he or she participates in an alternate experience (EFE IV) sanctioned and arranged by the Director of Field Experiences.

Any student who has been dismissed before the end of any one of his or her student teaching terms and wishes to student teach again must re-apply for student teaching through the regular process and will be granted or denied a second student teaching term by the Teacher Education Committee. The Teacher Education Committee’s decision is final. A student who did not participate in an
alternate experience and therefore is no longer a student at MLC must also re-apply for admission to Martin Luther College through the admissions process in addition to re-applying for student teaching.

**PROGRAM SPECIFICS**

**Student Teaching II Experience - Dates for 2018-2019**
- Fall session – Tuesday, September 4 – Friday, October 12
- Spring session – Monday, January 21 – Friday, March 1

**Student Teaching II – SpEd Experience ONLY - Dates for 2018-2019**
- Fall session – Tuesday, September 4 – Friday, November 9
- Spring session – Thursday, January 17 – Friday, March 29

**Communication with the Student Teaching Cooperating Teacher**
Each student teacher’s roster contains the email address and/or school phone information of his or her cooperating teacher. The student is encouraged to initiate communication with the cooperating teacher in advance of the experience, setting a tone that shows he or she wants to make the most of the experience. The student should introduce him or herself and ask for a time to meet on the first day to share goals for the experience, to discuss the reflection journal, and to ask questions related to teaching and classroom procedures. Each student has been advised that the key to a good experience is the attitude he or she communicates.

Ample time each day should be scheduled for conferencing to reflect on the day’s experiences and to plan for future experiences. Comments and suggestions are important to the growth of the preservice teacher.

Cooperating teachers are provided a copy of the student teacher’s personal information, including the email address of the student. Cooperating teachers should feel welcome to correspond via that address during the experience.

An MLC college supervisor will make a minimum of two face-to-face visits with the cooperating teacher to gain feedback on the progress of the student teacher and to discuss any concerns they have about the student teaching experience. Comments or concerns shared by the cooperating teacher will be shared and discussed with the student teacher by MLC personnel. Emails are ongoing, as needed, to check on progress.

The college phone numbers and email addresses of all MLC personnel involved in the Secondary Student Teaching II program are included on page 8 of this packet. MLC personnel are available by phone or email for comments or concerns about the experience.

**MLC Faculty Supervision of the Program**
Each cooperating teacher and student will receive two individual conference visits from an MLC college supervisor to discuss the student’s progress during the Student Teaching II experience. A conference checklist form (titled “Public School 2-Visit College and Classroom Supervisor Observation Report” in the Appendix) will be provided the classroom teacher for each conference. Typically, the first conference takes place in the first three weeks of the experience and the second conference in the last three weeks of the experience. Open communication is important between the college supervisor and cooperating teacher.
Classroom Experiences
Student Teaching II students are advised that central to their having a good experience is their eagerness to become actively engaged in classroom experiences. Student Teaching II students are expected to do the following during the experience:
1. Be a willing helper in any way to assist the cooperating teacher
2. Observe classroom procedures, lesson structure, and student behaviors
3. Help individual students with their work – *Search out students who need help!*
4. Tutor students in specific subject areas
5. Teach small group lessons
6. Team teach lessons with the cooperating teacher
7. Teach whole group lessons

MLC expects that the cooperating teacher and student teacher develop an implementation plan for induction into teaching over the six weeks (10 weeks for SpEd) in order to build up to whole group teaching for a minimum of two weeks. We expect this plan to detail the gradual build-up of large group teaching by adding new preps/sections for the student to teach each week of the experience. The classroom supervisor and MLC student will work together to build a teaching schedule that allows for the possibility of teaching more than the minimum requirement. An example of an induction plan can be found in the Appendix.

Written Lesson Planning
Student Teaching II students are required to submit lesson plans to the cooperating teacher two days in advance of teaching. A lesson plan template is included in the Appendix. Cooperating teachers should expect lesson plans to contain the following sections:
- Standards
- Stated objective(s) for the lesson
- Review of the previous lesson
- Development of background for the new lesson
- A statement of the new lesson’s purpose
- Differentiated instructional strategies
- An outline of topics, statements, and procedures for the new lesson
- Summary/Closure
- Assignment

In each subject area the student teacher is required to submit for approval two detailed lesson plans to the cooperating teacher. The student teacher should then proceed to weekly block planning of lessons. Again, weekly block plans should be submitted to the cooperating teacher two days in advance of teaching. (See example of a block plan in the Appendix.)

Reflecting on the Student Teaching II Experience
Students are expected to write three weekly reflections in their reflection journals. The weekly topic choices will be provided by the college supervisor. The cooperating teacher will be encouraged to read as many of the weekly reflections as possible and to “sign off” completion of the entries at the end of the term. The college supervisor will also read the journal entries. Please remember to be tactful in writing comments.

edTPA
Student teachers will complete their edTPA during Student Teaching II (double majors complete only one edTPA). Mandatory edTPA training will be conducted by the edTPA Coordinator and the college student teaching supervisors via face-to-face and online forums.

Directions

1. The statements below are based on the standards of effective teaching practice as outlined in the teacher licensure requirements of the State of Minnesota. [MN Standards of Effective Practice for Teachers](#).
2. The teacher candidate should demonstrate these standards in his or her teaching and interactions with the students.
3. Choose the appropriate circle as to whether the standard is evident in the teacher candidate's planning, teaching, or assessing learning.
