

Martin Luther College Food Bank

Over the years many WELS/ELS members have desired to assist our students, especially a growing number of students with families. The establishment of an on-campus food bank provides such an opportunity.

How Does the Food Bank Work?

The Food Bank depends on the contributions of our churches, Organizations and individuals. We accept non-perishable food items as well as personal and household cleaning items. Food donations are sorted onto shelves. Money that has been donated is used to purchase needed staple foods. In this way the families can receive a certain amount of basic supplies. Students will come to the Food Bank once a month and pick up items on a shopping guide that is based on the amount of food on hand.

How Can You Help?

Organizations may collect money or food items at their monthly meeting or send a monthly check. Sunday school and Day School children could bring one can or boxed item on a special day or a month-long door collection could be taken at church. No gift is too small.
