# Parents

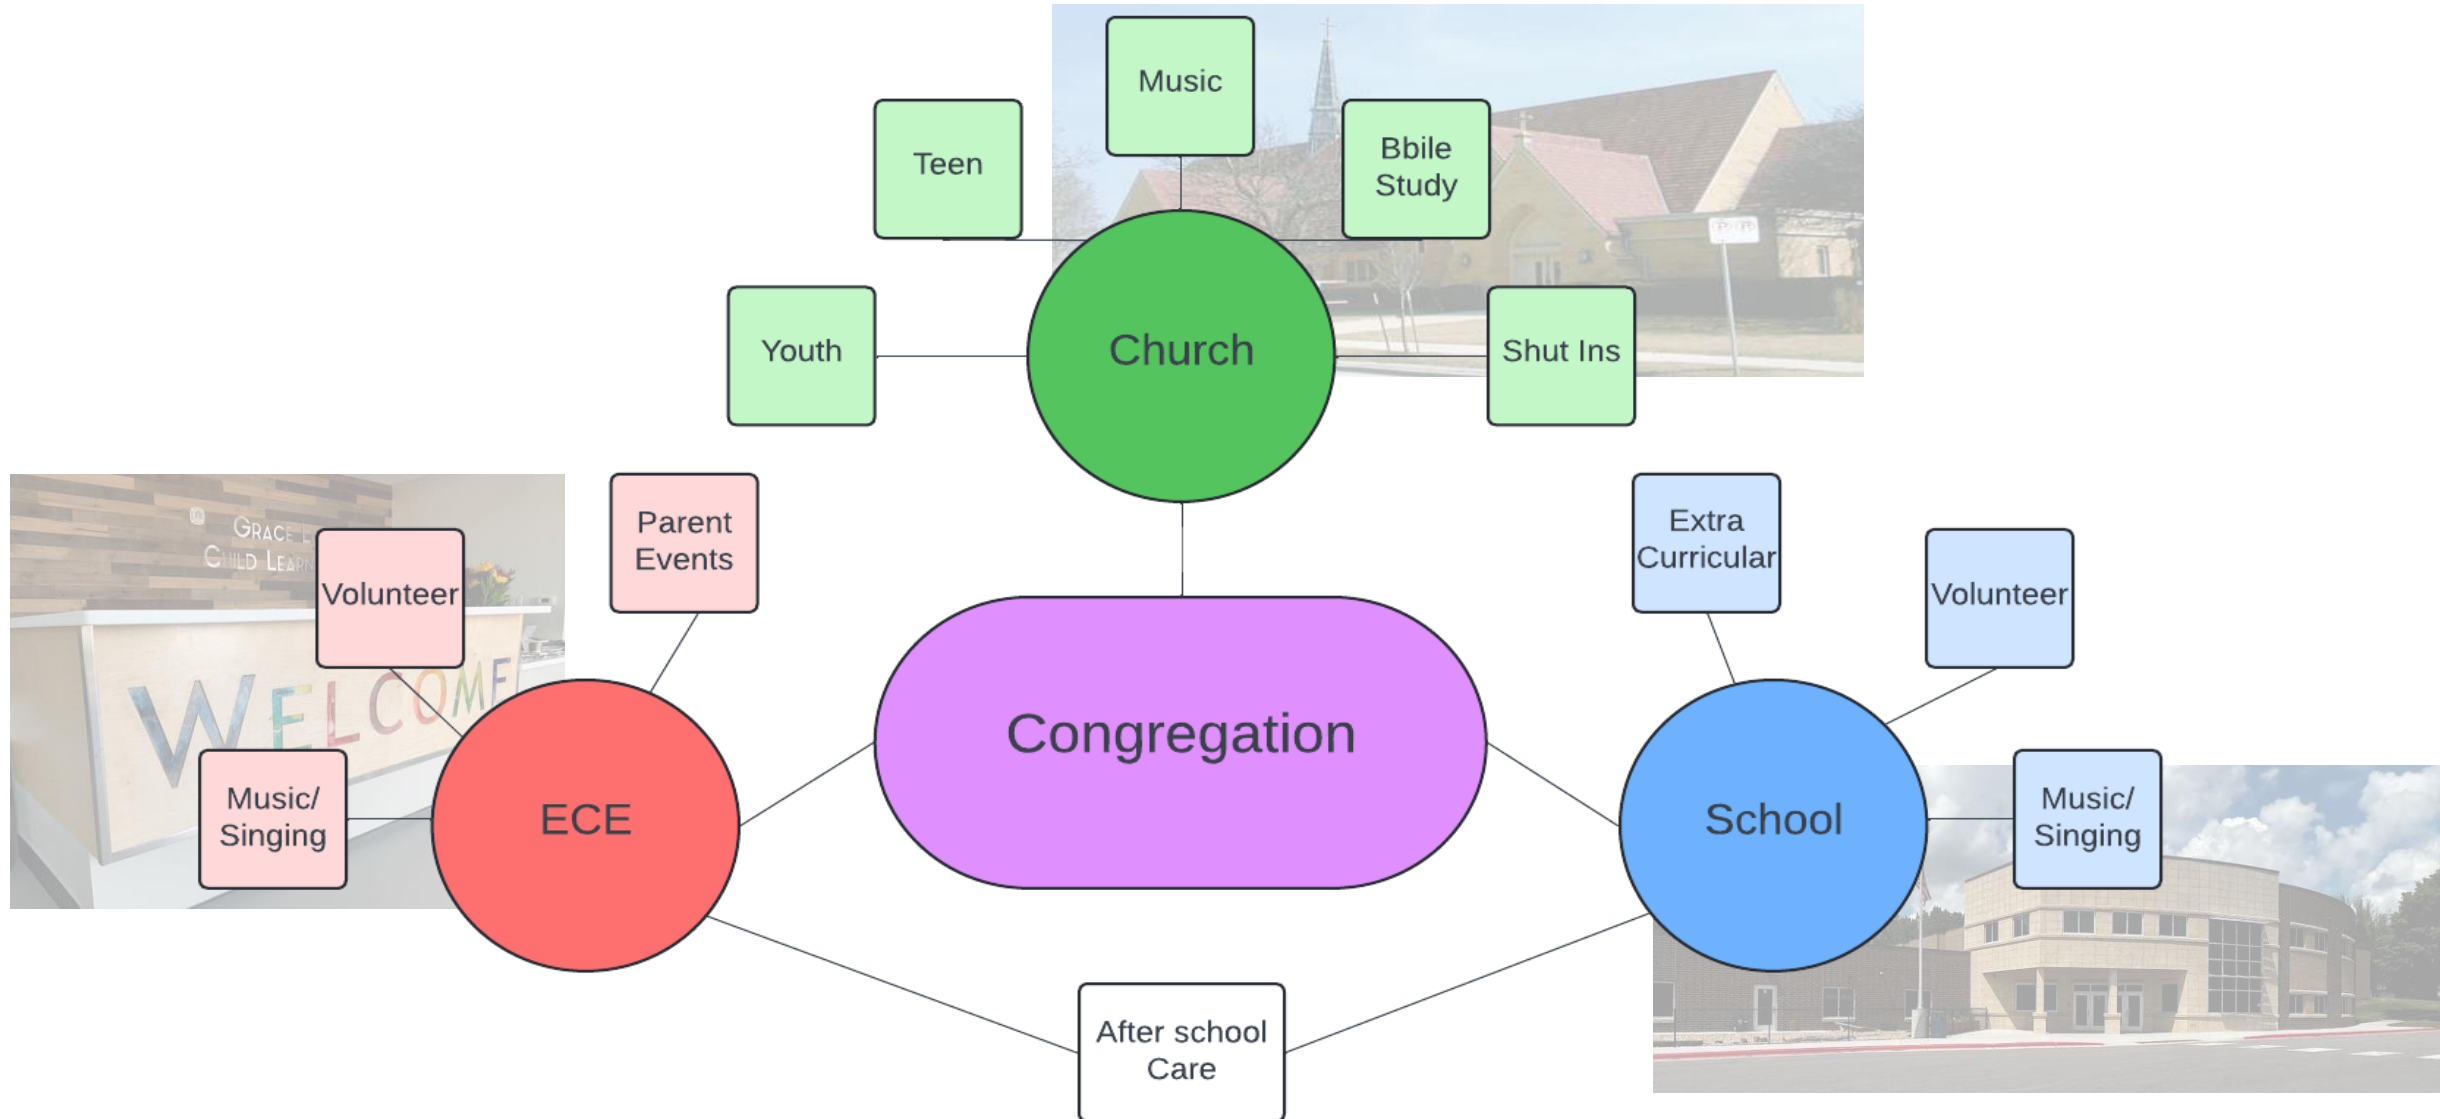

1. When and how do we talk to our parents?
2. Can they tell they are welcome?
3. Where do they feel welcome on our campus?
4. Are there times or places for parents to hang out and talk besides the parking lot?
5. What do your parents like and have time for?
6. What needs do your parents have?
7. What gifts do they bring?
8. When and where can parents share ideas, give suggestions, and ask questions?
