Governing Board Addresses Important Issues

The Martin Luther College Governing Board met on campus February 20-21. They addressed a wide range of issues including strategic plans for the college, new and replacement positions on the faculty, establishment of an international services office, summer campus improvements, and student tuition assistance.

The board also thanked members Stephen Loehr, William Steinbrenner, Keith Bowe, Jonathan Hahm, and Duane Rodewald, who were completing their terms on the board. [Read the full Governing Board Digest.](#)

Urban Ministry Trip Generates Excitement

Over 60 MLC students participated in this year's Urban Ministry Trip to Milwaukee and Chicago February 12-15. The trip promoted interest in and an understanding of urban schools and ministry in these central cities. Participants experienced classroom observations, seminars on urban teaching conducted by urban teachers, workshops on culture building in the classroom, and talks by schools leaders. The students also attended the 4th annual Undergraduate Urban Conference (sponsored by the Center for Urban Teaching).

Help Needed for Summer Campus Project

Looking for an opportunity to use your hands to help a place that's close to your heart?

WELS Kingdom Workers/ Builders for Christ and MLC are considering an exciting partnership project for the summer of 2014. The Chapel of the Christ's basement has remained entirely unfinished since its opening in 2010. Lord willing, an elevator will soon be installed and a fellowship hall for large-group gatherings will be built below the narthex. This is where we need your help! Before we can move forward, we need to determine whether enough

volunteer manpower would be available. If your heart enjoys giving with your hands, read how you can be a part of this [volunteer opportunity](#).
