Your Final Issue!

Our goal for *MLC ParentsPage* is to provide information and guidance to all MLC first-year parents as they send their son or daughter off to college for the first time. So we're wondering . .

- How did we do?
- What was most helpful to you?
- What would you have liked to see more of?

Remember dropping your student off last August? How time has flown!

If you have any comments or suggestions about the *ParentsPage*, please feel free to contact [Laurie Gauger](#), *MLC ParentsPage* Writer/Editor. We love to hear from our parents! Thank you!

Home for the Summer

They've just glided through final exams, final games, final recitals, and the final concert. Now what?

Mixed feelings: They may have mixed feelings about being home again:

- excitement to see the family
- sadness about leaving new friends
- worry about making money
- wondering what it'll be like to hang out with the old high school crowd again

Readjustments: It may take a week or two for your students to remember what it's like to live at home - to communicate with you about where they're going and when they'll be home, to help with housework and yard work, to be considerate of their brothers and sisters. At the same time, it will be wonderful to have them back, won't it?

Your Student's Mail This Summer

Forwarded Mail: All first-class mail will be forwarded to students' home addresses over the summer.

Non-Forwarded Mail: Magazines, standard mail, and nonprofit mail will not be forwarded, as mandated by USPS. Neither will it be held for the students' return.

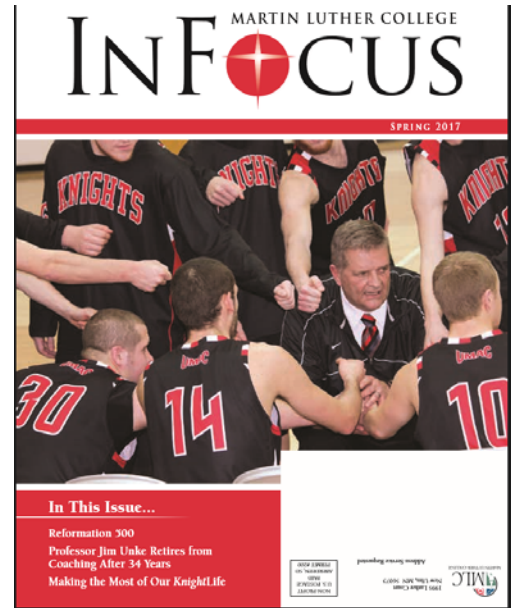

Sending Next Year's Books to Campus: We ask that you send no packages to your student's MLC address prior to August 1. Packages received at MLC prior to August 1 will either be "Returned to Sender" or forwarded to the student's home address.

Summer Ministry Training

What do MLC students do in the summer? Many keep training for ministry.

Many junior and senior Spanish students will go on an immersion trip.

Many students from all classes will participate in Daylight USA at congregations all over the country, where they plan and run VBS, lead Bible/sports camps, canvass neighborhoods, and more.

Many students assist in their home congregations - early childhood ministries, VBS, organ and piano, even liturgy.

Your students will most likely work during the summer, earning money for tuition. Encourage them to watch for opportunities to continue their ministry training too!
