MARTIN LUTHER COLLEGE

What They Love about MLC

What makes a college experience truly life-changing? It's the whole campus experience—the courses, yes, but also the life you live when you're not in class. The campus atmosphere, the students' morale, the professors' dedication. As a Christ-centered college of ministry training, MLC's campus is full of that kind of life-changing greatness. Just ask our student ambassadors . . .

Really, Truly a Family: One thing I love about MLC is the genuine Christ-centered family we have here on campus. It doesn't matter what grade you're in—everyone is so friendly!

Kay Prigge (*NELHS / Faith-Rising City NE*)

Great for Athletes: I love how I can train for ministry while participating in multiple sports, those being basketball and softball. Anywhere else it's almost unheard of to have multi-sport athletes, but MLC accommodates you.

Jordyn Heckendorf (*KML / Shepherd of the Hills-West Bend WI*)

Intramurals: Not to brag, but my team is ranked 1st at the moment. I also love playing broomball, sand volleyball, and definitely sledding and snowshoeing in the mountains of snow we have here.

Lydia Krenke (*Lakeside LHS / St. John-Jefferson WI*)

Professors: Honestly, they're just the best. Not only do I gain knowledge from their teaching in the classroom, but they also serve as real-life role models outside of the classroom. They understand what it takes to be a called worker, so their encouragement means the world.

Ryan Boggs (*LPS / St. Luke-Watertown WI*)

Chapel: Whether it's the opening service, graduation, Compline, or delivering my junior year chapel devotion, I am always amazed at the camaraderie, joy, and peace that comes from worshiping Jesus Christ with my brothers and sisters in the faith.

Grant Gawrisch (*SCLA / New Life-Shoreview MN*)

Acceptance: When I first stepped onto campus, I was so worried about making friends and who I was going to hang out with. And within that first day, my roommate and I had so many friends! Everyone is welcoming and kind and not afraid to say hello and ask about your weekend.

Hailey Rice (*RML / Living Hope-Denver*)

Bible Study: I love attending the WELS Women's Ministry Bible Study sessions—so much so that I became one of the co-leaders. We also organize and lead Advent by Candlelight for the female students.

Natalie Luebke (*KML / Trinity-West Bend WI*)

Behind the Scenes: I love the awesome job the caf does of making us food, the professors and staff who stay late to help us out, our amazing maintenance crew that always has the sidewalks clear, and all the people that work together to help us out and give us a wonderful experience.

Nathan Pausma (*WLA / St. Luke-Oakfield WI*)

Travel: It's great that I'm able to travel around the country—or the world!—through programs such as Daylight, Early Field Experience, and Study Abroad. The more ministry experience I get, the more excited I get about teaching!

Alyssa Heckendorf (*FVL / Light of the Valleys-Reno NV*)

And the Cookies: The caf cookies are seriously addicting.

Emma Grace Kramer (*MVL / Immanuel-Gibbon MN*)
