

Homecoming 2023!

How Does Student Senate Make Homecoming Amazing Every Year?

Let's hear it straight from Student Senate President **Kyle Doering** (Lakeside):

"The Student Senate picks the theme and runs most of the student events throughout the week. We put a lot of time and work in, but it's well worth it when we see all the fun and excitement among the students.

"My favorite Homecoming event is definitely the talent show. It's such a great time for the students to share the gifts God has given them. It also always ends with the whole auditorium singing the doxology, and it's one of many opportunities at MLC where I feel like I'm getting a little taste of heaven.

"MLC Homecoming is really special. I think we have the best alumni, and it's so fun to see everyone come back and support those of us who are training for ministry. Some of us will very shortly join them in sharing the gospel as called workers. It's a unique experience—especially when we worship together in a packed chapel on Sunday!"
