

FINANCIAL WELLNESS AT MARTIN LUTHER COLLEGE

At Martin Luther College, we want to make sure that all students are not only **prepared for ministry** but also prepared to manage their personal finances and become **wise stewards** of their resources. We have developed a Financial Literacy Program [**MLC DIRECTION**] to help students grow in their knowledge and understanding of important financial topics.

- **ALL Students will have required activities to be completed each year (via Moodle)**
 - Most students have 1-2 modules that take about 15-30 minutes to complete
 - *Students enrolled in MTH1012 Organizational and Personal Finance will complete most of the additional requirements throughout the course.*
- Additional learning opportunities are provided throughout the year in various ways
- Drawings for prizes and scholarship opportunities throughout the year!

I look forward to meeting you on campus and helping you prepare for your financial futures. Please check out the website (www.mlc-wels.edu/financial-aid/mlcdirection) or contact me directly with any questions that you may have: **krohnjk@mlc-wels.edu** -or- **507.233.9153**

God's blessings on your summer!

~Professor JoElyn Krohn

(Financial Literacy Coordinator)
